Please put Riverside History Center on the agenda for Monday, March 7, 2016 city council meeting.

Dear Mayor Schneider and Councilmen,

It was brought to our attention that the space next door to the history center is now vacant. The location space is on the east side of museum. Asking \$500.00 a month plus utilities. 750 sq. ft. offers a storage area, office space and more room to expand.

The history center has out grown its current space, like to expand while opportunity is available. Having the added space will allow more History exhibits of Riverside to be displayed.

Home of the "Future Birthplace of Captain James T. Kirk". Annually thousands of tourist travel from all over the world to come visit our town. We have a very unique set up with having our history of Riverside exhibits along with the star trek theme.

Paul LaRoche has agreed if this is approved to open up a walk way through at owner's cost. The Riverside History Center would like to invite you to visit the museum before the city council meeting. Paul has agreed to be on site to open building up for a tour on Monday, March 7 @ 6:00 p.m. Answering any question that arise.

We appreciate all your efforts and support!

Sincerely, History Center board members, Wendee McCracken, Kenny McCracken, Carolyn Hudson, Mary Jane Stumpf, Scott Riggan, Carol Riggan, Mike Meinders, Kathy Lindhorst

RE: ADDENDUM to City of Riverside - Fiscal Year 2016-2017 Hotel-Motel Tax GRANT

The Riverside History Center has received an opportunity to rent the east portion of the building we are in which would increase our space by approximately 30% and we believe this is an opportunity that we should take advantage of. We have realized for a couple of years that we have utilized all of our current space. This would be a great opportunity to increase our Star Trek and Capt. Kirk exhibits as well as add to the local Riverside History. We have exhibits in storage that we do not have room to display.

Other advantageous are to have a more secure building, added security for our exhibits, many which are irreplaceable, as presently we share a bathroom with the east space and we have feared access through this shared spaced could be easily jeopardized. We are also out of storage space and additional storage space would be a bonus as well as an area of an office space. We do have very active member that lives out of town who has been displaying his star trek collections in the History Center and he has many more exhibits that could be on display if we had more room.

Additional rental costs would be \$500 per month or \$6,000 more per year. We estimate utilities would increase by approx. \$2800. more per year.

Please consider this addendum request for the greater good of our community and our worldwide popular museum.

Thank you for your consideration,

Mary Jane Stumpf, Tres

Lory-

We spoke on Thursday about me organizing a 5k run for Riverside Elementary. I would like to see if the city would be one of the sponsors. It is called Trek for the Schools and will be on Trek fest at 8:00 am. **I would like to request \$1000.** My plan is to also advertise the businesses in the community by including information that the business provide in our bags that we give each participant. I would like to put a little write up about the event in April's City Flyer.

On another note did you receive the offer letter my husband and I signed. As soon as Allen signs it can you either mail me a copy or email it to me. I need a copy to secure financing

Thanks

MEMORANDUM

---

To: William J. Sueppel  
From: Grant D. Lientz  
Re: City of Riverside / Bob Ryan  
Date: February 17, 2016

**Questions presented:**

1. May a City gain entrance to a privately owned rental property for the purpose of safety inspections with the permission of the current tenant?
2. Does a City need to notify the owner or tenant of its intent to inspect?
3. What options are available for the City if no permission is given?

**Short answers:**

1. Very likely yes.
2. No, provided that the City has the tenant's consent to perform the inspection.
3. The City may seek an administrative warrant to conduct its inspections.

**Factual background:**

Bob Ryan owns three properties in the City of Riverside ("the City"), located at 21 West 1<sup>st</sup> Street, 31 West 1<sup>st</sup> Street, and 11 East 1<sup>st</sup> street. The properties are presently leased and occupied by residential and commercial tenants. Mr. Ryan has been informed that the properties are subject to requirements for electrical permits and final inspections, but has not complied with obtaining the permits or allowing any inspection. The City has requested that Mr. Ryan arrange for inspection for noncompliance with the City's building code. At issue is what options are available to the City if Mr. Ryan does not comply.

**Discussion:**

**I. Consent for Inspections**

The City has the power to perform building inspections and enforce violations of its building code, pursuant to the Code and Constitution of the State of Iowa. *See Iowa*

Code § 364.1, Iowa Cost. § 38A; *see also* City of Riverside Municipal Code § 1.03. With respect to inspections, the City of Riverside's municipal code provides:

If consent to enter upon or inspect any building, structure or property pursuant to a municipal ordinance is withheld by any person having the lawful right to exclude, the City officer or employee having the duty to enter upon or conduct the inspection may apply to the Iowa District Court in and for the County, pursuant to Section 808.14 of the Code of Iowa, for an administrative search warrant. No owner, operator or occupant, or any other person having charge, care, or control of any dwelling unit, rooming unit, structure, building, or premises shall fail or neglect, after presentation of a search warrant, to permit entry therein by the municipal officer or employee.

City of Riverside Municipal Code § 1.12. The requirement for seeking consent prior to obtaining a warrant is framed negatively in the statute, and operates on the withholding, rather than the granting, of consent. "[A]ny person having the lawful right to exclude" others from the property may withhold consent to inspect. *Id.* No warrant is required if consent is given.

When there are objections to city inspections of a rental property, generally it is the tenant, rather than the landlord, who denies consent. *See Camara v. Mun. Court of City & Cty. of San Francisco*, 387 U.S. 523 (1967) (holding that a warrant is required for administrative inspections absent consent); *State v. Green*, 540 N.W.2d 649, 653 (Iowa 1995). In those situations it is the consent of the tenant, and not the landlord, which is dispositive. *See Chapman v. United States*, 365 U.S. 610 (1961) (landlord could not validly consent to the search of a house he had rented to another), *Stoner v. California*, 376 U.S. 483 (1964) (night hotel clerk could not validly consent to search of customer's room).

While controlling authority on the *reverse* of the facts in the above cases is sparse, some persuasive authority is available. In *Seattle v. McCready*, 877 P.2d 686 (Wash. 1994), the landlords of a rental property contended that the City of Seattle had violated their federal and state constitutional rights when it inspected the tenants' individual apartment units without the landlords' consent, arguing that the tenants lacked authority to consent to such inspections. *Id.* The Washington Supreme Court held that the tenant, not the landlord, has the privacy interest in an individual apartment unit. *Id.*, citing *Camara* and *Chapman*, *supra*. Therefore, the court concluded that it is the tenant

who possesses the authority to consent to an inspection of his or her own unit, "notwithstanding any objections by their landlords". *McCready*, 877 P.2d at 689-90. In a later case, the Washington Court of Appeals stated, "[b]ased on *McCready*, it is clear that the City could constitutionally rely on tenant consent to inspect the tenants' individual units." *Cranwell v. Mesec*, 890 P.2d 491, 498 (Wash. 1995).

Although *McCready* is not controlling authority in Iowa, its holding is based in substantial part on the rulings of the Supreme Court in *Camara* and *Chapman, supra*, which are. These cases firmly suggest that it is only the tenant who has the right to exclude others from the property, based on their privacy interest. Thus, in the instant case, the consent of the tenant is likely sufficient for the City to perform an inspection without a warrant, even over the objection of the owner.

## II. Notice of Inspection

Research reveals no case, statute, or regulation which provides that a city must provide notice to the owner of a property before performing an inspection. This result is necessarily based on a presumption of consent, however, because without consent to inspect, a warrant is necessary to gain entry to perform an inspection on private property. See *Camara*, 387 U.S. at 534. Accordingly, no notice is due to the owner or tenant prior to conducting an inspection, if the tenant has consented to that inspection.

## III. Inspections without Consent

The Supreme Court has held that administrative searches by municipal health and safety inspectors constitute significant intrusions upon interests protected by Fourth Amendment. *Id.* at 523. Absent the consent of the tenant, the City must seek an administrative warrant to conduct its inspection. *Id.* at 534. Iowa Code § 808.14 states:

The courts and other appropriate agencies of the judicial branch of the government of this state may issue administrative search warrants, in accordance with the statutory and common law requirements for the issuance of such warrants, to all governmental agencies or bodies expressly or impliedly provided with statutory or constitutional home rule authority for inspections to the extent necessary for the agency or body to carry out such authority, to be executed or otherwise carried out by an officer or employee of the agency or body.

*Id.* Administrative warrants are held to a lesser standard of probable cause than criminal search warrants. *Camara*, 387 U.S. at 537-38, cited in *State v. Green*, 540 N.W.2d 649, 654 (Iowa 1995). The purpose of such a warrant is not to discover evidence of crime but to secure compliance with code standards. *Id.* Thus a finding of probable cause turns on the reasonableness of the inspection, not on proof that a violation would be found in a particular location. *Id.* at 534-35. This test involves merely "balancing the need to search against the invasion which the search entails." *Id.* at 537.

The Supreme Court went on to note that "'probable cause' to issue a warrant to inspect must exist if reasonable legislative or administrative standards for conducting an area inspection are satisfied with respect to a particular dwelling." *Id.* at 538. "Such standards, which will vary with the municipal program being enforced, may be based upon the passage of time, the nature of the building (e.g., a multifamily apartment house), or the condition of the entire area, but they will not necessarily depend upon specific knowledge of the condition of the particular dwelling." *Id.* "Experience may show the need for periodic inspections of certain facilities without a further showing of cause to believe that substandard conditions dangerous to the public are being maintained. The passage of a certain period without inspection might of itself be sufficient in a given situation to justify the issuance of warrant." *Id.* Accordingly, the mere fact that a building has not been inspected within the normal timeframe for routine inspections is likely sufficient probable cause for the issuance of an administrative warrant, and no specific belief that a particular building is out of compliance with a building code, for example, is necessary.

The court concluded its analysis by noting that "in the case of most routine area inspections, there is no compelling urgency to inspect at a particular time or on a particular day. Moreover, most citizens allow inspections of their property without a warrant. Thus, as a practical matter and in light of the Fourth Amendment's requirement that a warrant specify the property to be searched, it seems likely that warrants should normally be sought only after entry is refused unless there has been a citizen complaint or there is other satisfactory reason for securing immediate entry. *Id.* at 539-40.

#### IV. Conclusion

Unless it has particular knowledge of a municipal code violation, or a reasonable belief that such a violation has taken place, the City should first seek consent to perform an inspection from the tenants of the particular properties with which it is concerned, and which are in violation of clearly established inspection policies. If no consent is forthcoming, the City should petition the District court for an administrative warrant, whereby they may force an inspection.

Re: Riverside ARAMARK Contract  
Date: February 12, 2016

**Questions presented:**

1. Whether the City of Riverside is prevented from seeking a new provider for uniform services under their contract with ARAMARK.
2. Whether the charges assessed to the City of Riverside by ARAMARK are consistent with the terms of their contract.

**Short answers:**

1. Yes, the contract provides that ARAMARK is the City of Riverside's exclusive provider of rented/leased uniforms and apparel. The contract specifies that the City must pay liquidated damages for early termination.
2. Yes. The contract provides that ARAMARK may periodically increase their pricing, by 5% annually and at other times by written notice. The increased prices are automatically agreed to unless contested within 15 days.

**Factual Background:**

ARAMARK Uniform Services ("AUS" hereinafter) is a provider of rented and leased uniforms and apparel. The City of Riverside ("the City" hereinafter) has entered into a Service Agreement with AUS for the rental of uniforms for its employees. The agreement is dated October 17, 2012, and is signed by representatives of both the City and AUS. The Agreement provides that AUS will provide uniform rentals and related services to the City, and that the City will agree to pay AUS in accordance with the Agreement and related Customer Information Sheets.

The Agreement provides that the City "agrees that AUS is its exclusive provider" for rented uniforms and apparel and related services, and that the Agreement will run for 60 consecutive months, and will be automatically renewed for another 60 month term unless the City gives AUS written notice of termination at least 60 days before the end

of the current term by certified mail, return receipt requested. The City may demand early termination of the contract, but the contract provides that the City will be liable for liquidated damages equal to the greater of a) 25% of the average weekly charges for the last three months, multiplied by the number of weeks remaining in the contract, or b) the current replacement charge for all merchandise. The present contract term ends in approximately 21 months, or 91 weeks.

The contract also provides that each year on the first day of the month in which the anniversary date of the agreement occurs, AUS may increase the charges then in effect either by an amount up to the percentage change in the Consumer Price Index over the previous 12 months, or 5%, whichever is greater. AUS also may increase charges at any time by notifying the City in writing (which may be by invoice or monthly statement). The City may reject such increase by notifying AUS in writing within 15 days after the City's receipt of the notice of such increase. If the City rejects the increase, AUS reserves the right to terminate the Agreement in whole or in part. In addition, AUS is permitted to impose minimum per invoice recurring charges equal to the greater of \$25.00 or 75% of the initial invoice amount for such charges. The contract further provides that AUS will charge the City for every week during the Agreement even if the City requests reduced or no service for a particular week or weeks.

The City rents a total of 33 uniforms for three employees from AUS – eleven per employee. They also rent a rolling hand towel cabinet, continuous-roll towels for same, and a dozen floor mats. The uniforms, towels, and two of the mats are allotted to the City's Vine Avenue address ("Vine"), and the remaining ten mats are allotted to the City's Green Street address ("Green"). The average weekly charge for the last twelve weeks is \$171.78 for Vine, and \$93.76 for Green. Normal weekly charges are presently \$127.40 for Vine, down from \$138.59 as of November 2015, which was the result of a reduction in the number of towels rented. Vine saw significantly inflated weekly charges for two weeks in November resulting from the replacement of six ruined uniforms, and preparation fees for the customization of their replacements. Weekly fees for Green have remained unchanged over the last twelve weeks. See the attached spreadsheet for a detailed breakdown of weekly charges.

At issue are the effects of early termination of the Agreement, and the accuracy of the charges to date.

**Discussion:****I. Early Termination**

The terms of the Service Agreement entered into between AUS and the City specifically state that AUS will be the City's exclusive provider of rented uniforms, mats, and related services. Exclusive dealing arrangements are permitted where it is not "probable that performance of the contract will foreclose competition in a substantial share of the line of commerce affected." *Tampa Elec. Co. v. Nashville Coal Co.* 365 U.S. 320, 327 (1961). A simple Google search reveals that there are at least seven uniform rental companies which service this area. Moreover, the contract does not prohibit the purchase of uniforms and related service, but merely their rental. Accordingly, the City may not seek other providers for these services without breaching the terms of the contract, and being subject to liquidated damages for early termination. The City may, however, choose to purchase its own uniforms without being in breach. Even if the City does not cancel the contract, and requests no service from AUS, it will be subject to weekly service charges for the duration of the contract term. AUS's weekly service charges to the city are presently \$77.00 per week, and these charges would equal a total expenditure of \$7,007.00 over the next 91 weeks.

The contract between AUS and the City provides for liquidated damages in the event of breach or early termination. The agreement states that these damages are "intended as a good faith pre-estimate of the actual damages AUS would incur and not as a penalty." Courts have held that liquidated damages clauses in contracts are enforceable, if they are "reasonable in the light of the anticipated or actual loss caused by the breach...." *Rohlin Const. Co. v. City of Hinton*, 476 N.W.2d 78, 80 (Iowa 1991), citing Restatement (Second) of Contracts § 356(1) (1981). If the City chooses to cancel its contract with AUS effective immediately, it will be liable for liquidated damages in the amount of \$6,041.09. This figure represents 25% of the average weekly invoice amount for the last three months, multiplied by the 91 weeks remaining on the contract term. See "Scenario 1" in attached spreadsheet for calculations. Importantly, two invoices in the past three months contain significantly increased charges for the replacement cost of ruined garments and preparation fees. If the City were to incur no additional replacement charges for the next six weeks, its weekly average would drop from \$66.39 to \$55.29, and thus would be liable for liquidated damages in the amount of \$4,699.65. See "Scenario 2" in attached spreadsheet for calculations.

The contract provides that the amount of liquidated damages is the greater of either one quarter of the average weekly charge, spread out over the remainder of the contract, as described above, or the replacement cost of the rented materials. Brett Nebergall, District Manager for AUS, 319-848-2032 verified by phone on January 22 the current replacement costs for all rented materials as totaling \$4552.13. See "Scenario 3" in attached spreadsheet for calculations. It is important to note that the replacement cost for the rented materials will almost certainly increase over time, and it is possible that within six weeks it may exceed the best-case sum in the previous paragraph. The quantity and kind of rented merchandise is provided for in the original contract, and any reduction in the rented merchandise rented would require either a new contract or new consideration by the City to modify the existing terms.

Given the likely value of the remainder of the contract, the language of the contract itself, and the valuation method of the two liquidated damages options detailed above, a court is likely to find that the liquidated damages clause is reasonable and, therefore, enforceable by AUS. If it chooses to cancel the contract, the City can minimize its liquidated damages by waiting approximately six weeks (but not significantly longer) before doing so. The City should do its utmost to avoid ruining any garments during that period.

## II. Accuracy of Charges

The contract provides that AUS may increase its fees annually by the amount of change in the Consumer Price Index ("CPI") over that period, or 5%, whichever is higher. The CPI has changed by less than three percent in total since the contract's creation. See [INFLATIONDATA.COM, Historical Consumer Price Index Data, available at http://inflationdata.com/Inflation/Consumer Price Index/HistoricalCPI.aspx](http://inflationdata.com/Inflation/Consumer%20Price%20Index/HistoricalCPI.aspx). This annual increase takes effect at the beginning of October each year. In addition, the contract provides that AUS may increase charges at *any* time by notifying the City in writing, which may take the form of a notation on an invoice or monthly statement. The City may reject the latter increase in charges by notifying AUS within 15 days of receiving the invoice detailing the increased charges. Upon receipt of notice of such objection, AUS may then terminate the agreement, either in whole or in part.

The rental price rates for particular merchandise have increased only trivially over the course of the contract – from \$.45 to \$.50 per pair of pants, and \$.27 to \$.30 per shirt, for example. AUS's weekly service charges to the City for that merchandise have increased

significantly since the inception of the contract, however. Service charges have increased multiple times, and each such increase appears to have been accompanied by the required written notice on the applicable weekly invoice. Increases have occurred several times per year over the course of the contract, usually for a total increase of \$5-\$10 per week, followed by several months without any increase. In September of 2013, the total combined weekly service charges for both Vine and Green were \$22.80. That weekly figure has increased over time to \$77.00, as of December of 2015. See Sample Weekly Service Charges section in attached spreadsheet. It is not apparent that the City has ever timely objected to any of the increased charges.

The increase in service charges, while dramatic, appears to have been consistent with the terms of the contract. The terms for such increases are not obviously highlighted in the contract, but neither are they obfuscated. Furthermore, the City was given the opportunity to object to any such increases and possibly terminate the contract every time the rates were increased. The lack of fine print, convoluted language, or an inequality in bargaining power between the parties suggests that a court would find that the terms for price increases are enforceable. See *In re Marriage of Shanks*, 758 N.W.2d 506, 515-16 (Iowa 2008) (discussing procedural and substantive unconscionability). The City likely has no plausible legal cause of action with respect to the increased weekly charges.

Mr. Nebergall is a new District Manager for AUS as of this month. During a phone conversation, he expressed concern over the possible cancelation of the contract, and indicated a willingness to renegotiate its terms.

### III. Conclusion.

The City should seek out competing offers from one of the several uniform rental service companies in the area, and also obtain quotes to analyze the feasibility of purchasing, rather than renting, the uniforms, towels, and mats. Once the City has determined the costs involved with either purchasing these items or renting them from elsewhere, it can make an informed decision as to whether it is economically worthwhile to cancel its contract with AUS and pay the associated liquidated damages, or to attempt to renegotiate the contract for more favorable terms.

RE: Application Request for Amendment to the Zoning Ordinance of Riverside, IA  
Application Number 02-2016-01 "Tener"

Dear Lory:

I am writing this letter based on the "Tener" Rezoning Application to rezone certain Tener properties from C-3, Avenue of the Saints Commercial to M-1, Industrial. You have asked me to review this application on behalf of the City of Riverside.

I am reviewing this request as per Chapter 5, Riverside Zoning Ordinance.

First, I would like to clarify that the legal description is in fact described as "Lots 2 and 3 and Outlot "A", of Tener Triangle Subdivision to Riverside, Iowa," consisting of 12.24 acres.

In reviewing Chapter 5.07.I. C-3 Avenue of the Saints Commercial District, the intent of this District or Zoning Classification states "Avenue of the Saints Commercial District is intended to accommodate uses which ordinarily serve traveling public and commercial uses which generally require substantial land area and access to a major traffic artery. Uses which tend to accumulate outside storage of product or which are more inclined to become unattractive nuisances have been excluded." Some of the "excluded uses" include mini storage facilities and warehouses which are uses that the potential buyer, Mr. & Mrs. Pat Noel intend to use the property for.

Chapter 5.07.J. M-1 - Industrial has the following Intent: To establish and preserve areas for Industrial and related uses of such a nature that they do not create serious problems of compatibility with other kinds of land uses, and to make provision for certain kinds of commercial uses which are necessary to service the immediate needs of people in these areas.

This M-1 district does allow wholesaling and warehousing as well as personal storage lockers and warehouses.

Currently, Bud's Custom Meats is zoned M-2 according to the most recent official Riverside Zoning Map last revised March 4, 2010.

Should this application be approved a parcel of land owned by Bud's Custom Meats known as Lot 1, Tener Triangle Subdivision will remain in the C-3 District and is located between Bud's Custom Meats and this property. There has been discussions that this Lot 1, Tener Triangle Subdivision may present an application to rezone to either M-1 or M-2 which would be compatible.

I have reviewed the two photos and the site plan provided with the application. I have also reviewed the permitted Principal Uses and Structures within the M-1 Industrial Park.

Should this M-1 Industrial District be approved, I would recommend the following conditions:

1. Allowed Permitted Uses:
  - A. Contractor's shop
  - B. Truck or bus garage and repair shop
  - C. Building materials sales and storage
  - D. Wholesaling and warehousing, but not including the bulk storage of liquid fertilizers or flammable liquids
  - E. Personal storage lockers and warehouses
  - F. Uses allowed in the C-3 District
2. A Site Plan shall be submitted for each lot and approved by the Riverside City Council.
3. All parking, loading and drives shall be hard surfaced with concrete or asphalt.
4. If any outdoor storage is proposed, a screening plan that screens the outdoor storage area on all sides shall be prepared for each lot and shall be approved by the Riverside City Council.
5. Any development within the 100-year flood area shall comply with all local, state and federal regulations.
6. The developer/builder shall provide a storm water management plan approved by the Riverside City Engineer.
7. Each lot will connect to City water and sewer and will be responsible for each service line from the city utilities to the respective lot.
8. The owner of each lot shall provide sample or photographs of building materials to be used for all buildings.

Please contact me if you have any questions.

Respectfully submitted,

Glen D. Meisner, PE & PLS

Services: Casey's Sanitary Sewer on River Street – Riverside, Iowa

1.0 Client shall pay MMS as follows:

- A. Lump sum in the amount of \$4,275 for the scope outlined in Exhibit 1.

All additions and changes to scope of services shall be agreed upon by use of a Change Order signed by both MMS and Client. All conditions for payment of Change orders will be the same as the conditions for payment within the original Agreement.

- B. Invoices will be prepared monthly in accordance with MMS standard invoicing practices and submitted to Client. Invoices are due upon receipt. If Client fails to make any payment due to MMS for services and expenses within 60 days after date of MMS invoice, the amounts due MMS will be increased at the rate of 1.5% per month from the 60<sup>th</sup> day after invoice date. In addition, MMS may, without liability and not in lieu of any other rights MMS may have at law or in equity, after giving seven days written notice to Client, suspend services under this Agreement until MMS has been paid in full all amounts due for services, expenses, and other related charges. In addition, in any action to collect unpaid amounts due pursuant to this Agreement, Client shall pay all cost of collection including but not limited to court costs and MMS's attorney's fees. Payments will be credited first to interest and then to principal.

- C. In the event of a disputed or contested invoice, only that portion so contested may be withheld from payment, and the undisputed portion shall be paid.

- D. Upon complete execution of this Agreement, MMS shall have the right to commence the performance of its services immediately and shall continue its performance of said services thereafter until said services are complete. Client shall not have the right to terminate this Agreement or to cancel MMS's services unless the entire project of which MMS's services are a component part has been ceased or cancelled. In said event, Client shall give MMS written notice of the termination of the project and MMS shall be entitled to payment for any services performed or expenses incurred prior to receipt of said written notice.

**Professional Services Agreement**  
**Exhibit 3 – Terms and Conditions**

Services: Casey's Sanitary Sewer on River Street – Riverside, Iowa

- A. Standard of Care will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. MMS makes no warranties, express or implied, under this Agreement or otherwise, in connection with services required to be performed by this Agreement. MMS and its consultants may use or rely upon the design services of others, including, but not limited to, contractors, manufacturers and suppliers.
- B. MMS shall not at any time supervise, direct or have control over any contractor's work, nor shall MMS have authority over or responsibility for the means, methods, techniques, sequences, or procedures of construction selected or used by any contractor, for safety precautions and programs incident to a contractor's work progress, nor for any failure of any contractor to comply with laws and regulations applicable to contractor's work.
- C. MMS neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform its work in accordance with the contract between Client and such contractor.
- D. MMS Shall not be responsible for the acts or omissions of any contractor, subcontractor, or supplier, or of any contractor's agents or employees or any other persons (except MMS's own employees) at the Project site or otherwise furnishing or performing any construction work in connection with the Project; or for any decision made based on interpretations or clarifications of the construction contract given by Owner without consultation with and advice of MMS.
- E. All design documents prepared or furnished by MMS are instruments of service and MMS retains an ownership and property interest (including the copyright and the right of reuse) in such documents, whether or not the Project is completed.
- F. To the fullest extent permitted by law, Client and MMS (1) waive against each other, and the other's employees, officers, directors, agents, insurers, partners and consultants, any and all claims for or entitlement to special, incidental, indirect, or consequential damages arising out of, resulting from, or in any way related to the Project, and (2) agree that MMS's total liability to Client under this Agreement shall be limited to the total amount of the compensation received by MMS pursuant to this Agreement.
- G. The information and services provided by MMS pursuant to this Agreement are intended for use only by Client. No third party shall have any right arising from this Agreement or the documents produced pursuant to this Agreement. As additional consideration for the performance the services called for hereunder, Client agrees to hold harmless and indemnify MMS and its employees, officer, directors, and agents for all costs, expenses, legal fees, awards, settlements, and judgments in any legal proceeding brought by any third party who claims that he or she relied on representations made in such documents and was damaged thereby. Client's request that MMS release copies of documents produced pursuant to the terms of this Agreement shall be at Client's risk with respect to the contents of this paragraph.
- H. If Client claims that MMS has made an error in any of the services provided hereunder, Client will inform MMS of the alleged error and allow MMS to inspect the property before Client takes any action to correct the alleged error or which would otherwise make it difficult or impossible for MMS to evaluate the existence of the alleged error. If Client repairs or otherwise provides a remedy for such alleged error or further disturbs the property such that it becomes impossible for MMS to confirm the existence or otherwise evaluate the alleged error, Client waives any and all actions against MMS for such alleged error.
- I. Client shall indemnify and reimburse MMS for any and all costs and expenses associated with any civil action arising under this Agreement, including but not limited to attorney's fees, costs, and expenses, unless Client unilaterally prevails in a court of competent jurisdiction.
- J. Upon complete execution of the Agreement, MMS shall have the right to commence the performance of its services immediately and shall continue its performance of said services thereafter until said services are complete. Client shall not have the right to terminate this Agreement or to cancel MMS's services unless the entire project of which MMS's services are a component part has been ceased or cancelled. In said event, Client shall give MMS written notice of the termination of the project and MMS shall be entitled to payment for any services performed or expenses incurred prior to receipt of said written notice.

**RESOLUTION #03072016-05**

**RESOLUTION TO APPROVE CONTRACT WITH WASHINGTON COUNTY PUBLIC SAFETY COMMUNICATIONS COMMISSION FOR FISCAL YEAR 2016-2017**

**Whereas**, the City of Riverside agrees to enter into a contract with Washington County Public Safety Communications Commission to provide services to the City of Riverside at the cost of \$40,986 for the fiscal year beginning on July1st, 2016 and ending on June 30<sup>th</sup>, 2017.

**Therefore**, be it resolved the City of Riverside City Council does hereby approve to enter into this agreement with the Washington County Public Safety Communications Commission.

It was moved by Councilperson \_\_\_\_\_, seconded by Councilperson \_\_\_\_\_, to approve the foregoing resolution.

AGREEMENT FOR PAYMENT OF COMMUNICATIONS SERVICES  
FY '16-17

1. The parties to this agreement are the Washington County Communications Commission, and the City of \_\_\_Riverside\_\_\_, Iowa.

2. Since 1976, the city of Washington, Iowa and Washington County have had an agreement to provide funding for a joint communications center. The original agreement created a joint board and also allowed one seat on the board for a representative of the seven other incorporated cities in Washington County. The current 28E agreement between the city of Washington and Washington County was signed in 1989, and was amended in 2005. The amendments allowed for an additional representative for the seven cities, and established a formula for computing the share each city and the county would pay toward the operations of the communications center. These amendments were reviewed and supported by the mayors of the cities.

The operating expenses of the Washington County Communications Center are provided by Washington County and by the eight incorporated cities of Washington County, including the city of Washington.

3. Based on the representation and the formula (see attached), each city is sent a letter advising the council of the amount of that city's assessment for each fiscal year, based on the formula adopted by the Commission. The formula is derived by calculating a percentage of assessed values from the Auditor's valuation report, calls for service from the Public Safety Center, and population. Payment of the communications assessment is then made quarterly, and payable to the Washington County Auditor.

4. The services, personnel, and equipment provided by the Washington County Communications Commission under this agreement includes but is not limited to:

- dispatchers and dispatch supervisors
- 24 hour staffing of the Communications Center
- training for all dispatchers, including yearly continuing education
- each dispatcher will be trained as an Emergency Medical Dispatcher, which allows them to provide emergency medical assistance to callers
- answering emergency calls that come into the communications center, either as a 911 call or from the non-emergency phone lines, cell phones, or radio.
- paging or calling out emergency responders, including the First Responders or QRS, fire, ambulance, law enforcement, tow trucks, emergency management, other mutual aid and law enforcement agencies, medical examiners, and public health personnel
- entering and receiving information from state and national computer databases, including but not limited to NCIC, state Department of Transportation, Iowa Division of Criminal Investigation
- entry of arrest warrants and no contact orders, and entries when they are served or canceled.

FILE COPY

- routine communications using radios and phones to law enforcement, fire, rescue, ambulance
- operation of emergency sirens and communicating severe weather warnings
- testing of emergency pagers for all first responders and fire department personnel
- operation and monitoring of recording equipment, and preserving and copying portions of recordings
- data entry, including but not limited to calls for service and the radio log
- monitoring and calls for repair for all of the E911 communications equipment

The Communications Commission purchased the building which houses the E911 equipment, because E911 money cannot be used to purchase structures. The Communications Commission also has purchased furniture and desks for the Communications Center. All emergency communications equipment is owned by the E911 Commission. E911 dollars do not fund the operations and services of the Washington County Communications Commission.

5. See appendix "A" for the funding formula that is in the 28E agreement. Also see appendix "B" which is the current assessment using the cost share formula detailed in appendix "A".

6. Pursuant to the representation on the Communication Commission and pursuant to the formula adopted in the 28E agreement, the city of Riverside agrees to pay the amount assessed in quarterly/monthly installments, beginning July 1 of each year. Notice of the assessment shall be sent by the Washington County Auditor as fiscal agent for the Washington County Communications Commission to the city clerk of each city. Payment shall be made within 30 (thirty) days of the receipt of the assessment notice, and shall be made payable to the "Washington County Communications Commission" and sent to the Washington County Auditor's office. The Auditor, as fiscal agent, shall credit the monies to the proper account.

7. The Washington County Communications Commission is a separate legal entity that is separate from either the city of Washington or Washington County. The above-described services, personnel, and equipment are provided solely by the Washington County Communications Commission.

8. The city of Riverside and the city of Washington and Washington County hereby claim and do not waive all immunities from suit, including as provided in Chapter 670, Iowa Code (2007) and as amended, and in accordance with any applicable case law. Unless immune from suit, Washington County and the City of Washington, Iowa shall maintain appropriate insurance coverage or agrees to pay any and all damages assessed as a result of claims, settlements, judgments or lawsuits arising from the services, personnel or equipment under this agreement.

9. The city of Riverside or the Washington County Communications Commission may terminate this agreement upon notice to the other party. Notice must be received by the Auditor's office on or before March 2, in order for the communications budget to be finalized. If the notice is received after March 2, the city of Riverside must still pay the assessment for the upcoming fiscal year, and termination of the agreement will occur at the end of that fiscal year.

The city of Riverside specifically understands and agrees that the personnel, equipment and services described above are not provided as part of any other agreement or contract with either the city of Washington or Washington County, such as the county law enforcement contract. The city of Riverside also specifically agrees and understands that the payment of the E911 surcharge monies is not payment for the above-described services. In the event that the city of Riverside does not sign this agreement or terminates this agreement, emergency 911 calls will be answered by the communications center. Those calls will either be routed directly to the agency which will respond, or those services will be paged to respond. All other calls will be forwarded to a dispatcher or official designated by the city. No other services will be provided unless this agreement is signed and timely payment is made.

10. This agreement is effective when approved by the city council and signed by the designated official, and when signed by the chair of the Washington County Communications Commission. This agreement applies to FY '16-17 Communications budget. The amount due for Riverside would be \$40,986.

## Appendix A

## Funding Formula for Communications Commission

For each entity; Rural (including Coppock) and the cities of Ainsworth, Brighton, Crawfordsville, Kalona, Riverside, Washington, Wellman, and West Chester the share is determined as follows:

$$\text{Budget X } \frac{(\% \text{ of Assessed Value} + \% \text{ of Calls} + \% \text{ of Population})}{3}$$

Definitions of terms used in the Formula:

Budget is the total Communications Commission projected expense.

Assessed Value is derived from the most recent Auditor's Valuation Report.

Calls are data from the most recent calendar year Public Safety report of "Calls for Service".

Population is based on the current decennial Federal Census.

This Contract and Agreement is entered into by and between Washington County, Iowa, hereafter called County, and the City of **Riverside**, Iowa, hereafter called City and by consent and agreement of the Washington County, Iowa, Sheriff, hereafter called Sheriff.

The purpose of this Contract and Agreement is to establish a joint exercise of governmental powers as provided by Chapter 28E, 1997 Code of Iowa, as amended, which the County will furnish law enforcement services for the City in order to ensure the City's compliance with Iowa law.

No separate legal or administrative entity shall exist by virtue of this Contract and Agreement. The Sheriff is hereby designated as the administrator responsible for administration and fulfillment of this joint Contract and Agreement for the County.

The duration of this Contract and Agreement is for a period of one year commencing at 12:01 a.m. on the first day of July 2016 and continuing until 12:01 a.m. on the first day of July 2017.

In consideration of the services July 1, 2016 through June 30, 2017 provided by the County, the City agrees to pay the county at the **annual rate of \$52,171.00**, in equal quarterly installments of **\$13,042.75**, by the 15<sup>th</sup> day of the month following the beginning of the quarter upon receipt of an invoice from the County Auditor.

The County agrees to perform the following as responsibilities of the County to the City:

1. Provide law enforcement services for the City in a conscientious and good faith effort to effectively enforce the laws of the City, County, State and Federal governments and to maintain peace and order within the City.
2. Provide for the administration, communications, education, training, employee resources and supervision of assigned enforcement officers by the Sheriff.
3. Provide personnel, equipment, insurance, maintenance of equipment, supplies, and operational expenses of assigned enforcement officers necessary to accomplish the terms of this Contract and Agreement.

It is understood and agreed by all parties to this Contract and Agreement that:

1. The Sheriff shall determine which officers shall perform duties in a given area and the time and manner in which duties will be performed. Residence locations of deputies assigned law enforcement responsibilities under this contract shall be at the sole discretion of the Sheriff.
2. No joint acquisition or ownership of property will be required under this Contract and Agreement. All property owned and purchased by the County, both real and personal, under the control of the Sheriff may be utilized at the discretion of the Sheriff in carrying out his official statutory duties and those duties contemplated in this agreement. All property owned or purchased by the County, both real and personal, under the control of the Sheriff for use as provided by this agreement shall remain the property of the County.
3. Prior to February 15, 2017, the County will notify the City of the amount of contract consideration assessment required for the following year's law enforcement contract. The following formula will be used for computing the contract assessment. For each entity utilizing Contract Law Services; Ainsworth, Brighton, Crawfordsville, Kalona, Riverside, Wellman, and West Chester, the share is determined as follows:

$$\frac{\text{Budget}}{2} \times \frac{(\% \text{ of Assessed Value} + \% \text{ of Calls} + \% \text{ of Population})}{3}$$

Definitions of terms used in the Formula:

Budget is the total Contract Law projected expense.

Assessed Value is derived from the most recent Auditor's Valuation Report.

Calls are Sheriff Office calls only from the most recent 5 calendar years Public Safety report of "Calls for Service".

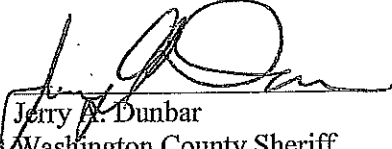

Population is based on the current decennial Federal Census.

- 4. This Contract and Agreement may be terminated by any of the parties by notice in writing at least sixty (60) days prior to the effective date of the termination.
- 5. Notice to any party shall be given by delivery or mailing same to the City Clerk, in the case of the City, to the County Auditor, in the case of the County and in the case of the Sheriff, to the Office of County Sheriff.

"Communications" for purposes of this agreement, and as referenced as County responsibilities to the City, means communications for the sheriff and deputy sheriffs only. Emergency communications, including 911 dispatch services, are not provided as part of this law enforcement contract.

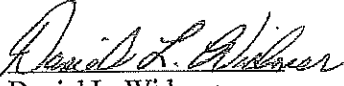

I hereby consent and agree to the contents of this Law Enforcement Contract and Agreement.
