12. Adjournment

Aller Schneider

Allen Schneider, Mayor

RIVERSIDE CITY COUNCIL MEETING: August 21, 2017

The Riverside City Council meeting opened at 6:30 pm in City Hall with Mayor Allen Schneider requesting roll call. Council members present were: Bob Schneider Jr., Tom Sexton, Rob Weber, and Ralph Schnoebelen. Jeanine Redlinger was absent.

Motion by Sexton to approve the agenda. Second by Weber, passed 4-0.

Schneider moved to approve the minutes from August 8th, 8-21-17 Expenditures, pulling Schnoebelen Inc. for separate vote, and Travel Mart beer permit. Second by Schnoebelen, passed 4-0. Schneider moved to pay the Schnoebelen Inc. invoice. Second by Weber, passed 3-0 Schnoebelen abstained.

Jeff Showalter presented invoice for \$250.00 to council for clean-up of his garage due to run off from 2nd Street paving project. Schnoebelen moved to have MMS contact contractor to pay Showalter's bill. Second by Schneider, failed 2-2. Weber moved to have City pay invoice if they have no response from contractor by Wednesday. Second by Sexton, passed 3-1 Schneider opposed.

Glen Meisner of MMS provided updates on the Washburn and 2nd Street project. Project is 90% complete and should be finished in 3 weeks. ADA sidewalk on Cherry Lane is done. Post Office will install mailbox unit. DOT has requested a "flood plain" permit for the dirt pile in Hall Park.

Schnoebelen moved to pass Resolution #082117-01 Pay Request #4 to Dave Schmidt Construction for \$262,765.29. Second by Weber, passed 4-0.

Bill Stukey of PeopleService, Inc. gave the monthly water and waste water report. Lift Station 1 & 2 pumps have been repaired. Omnisite monitoring service was reviewed. Schneider moved to approve the purchase agreement for \$17,445.00 plus installation for all alarms. Second by Sexton, passed 4-0. Schneider moved to proceed with generator repairs for lift stations 1 and 5. Second by Schnoebelen, passed 4-0.

Jim Pickering Jr. and Sr. discussed their building at $99\,1^{\rm st}$ street with Council. Weber motioned to have MMS Structural Engineer inspect the north wall of building in correlation to building an alley between them and City Hall. Second by Sexton, passed 4-0.

Resolution 082117-02 tabled per Employee Reviews.

Schneider moved to accept agreement with iTech for computer maintenance services. Second by Weber, passed 4-0.

City build day for Habitat will be on September $14^{\rm th}$ in two shifts, 9am – noon, and 1-4pm. Subway will provide lunch.

Sexton moved to hold the only September meeting on the 11th due to Labor Day Holiday. Meeting will start at 5:30 pm with closed session employee reviews, with regular meeting at 6:30 pm.

Schnoebelen stated that the street sweeper is in need of repairs. It will be on the next agenda.

Schnoebelen moved to adjourn at 9:00 pm. Second by Weber, passed 4-0.

Full content of Council Meetings can be viewed on the City web site; www.cityofriversideiowa.com

FALL CITY CLEAN-UP DAY; September 9^{th} , 8 am -11 am @Hall Park Council Meeting – Monday, September 11, 2017 at 6:30 pm

2018 DATES: July 25-27

August 28, 2017

Honorable Allen Schneider City of Riverside PO Box 188 Riverside, IA 52327-0188

Dear Mayor:

We want to thank the City of Riverside for supporting attendance of your staff at this year's Iowa Municipal Professionals Academy. The Academy is designed to keep clerks, deputy clerks, finance officers and administrators current with the best practices in Iowa municipal administration and to help them maintain professional certifications. Additional training opportunities for city staff and elected officials can be found at www.oslgp.iastate.edu.

Please acknowledge the commitment of Lory Young for participating at the Academy. That commitment reflects positively on the dedication of your city staff to provide sound, competent and professional administration for your citizens. Thank you and the Council for supporting continuing professional education.

It is an honor for us to work with city individuals to maintain Iowa's position as a leader for continuing professional education in municipal administration.

Sincerely,

Cindy Kendall

Mary Beth Sprouse

We're bringing the training to you with On-The Road: Budget, Examinations & Accounting for Municipalities!

If you have not been able to attend training specifically designed for city budgets, the new examination requirements, or fund accounting this is the training for you. Or maybe it's been a while and you want to make sure you're doing it right! This hands on training will aide in accurately completing required financial reports and implementing proper internal control procedures. Limited staff and resources make taking off work and traveling difficult so we're bringing the training to you in 6 locations across the state. "2017 On-the-road: Budget, Examinations & Accounting for Municipalities" has been designed to provide hands on trainings convenient for those who are new, part time or have other daytime obligations. Topics covered include the value of a chart of accounts; understanding fund accounting and how budgets, financial reports and regular reconciliations can lead to good audits and examinations that are required by state law.

Cost for each training class is \$65 which includes all materials and a meal. Cancellations within five days of training will be charged a \$25 fee.

Dates and locations are as follows:

Tuesday, October 03, 2017 2:00 - 8:30 pm Iowa Western Community College Room 136 705 Walnut St.

Council Packet

2:00 - 8:30 pm Central College Vermeer Science Center Room 241 W. 3rd St Pella, IA

Thursday, October 12, 2017

2:00 - 8:30 pm Upper lowa University Liberal Arts Room 111 605 Washington St Fayette, IA

Tuesday, October 24, 2017

2:00 - 8:30 pm
University of Iowa
Continuing Education Facility Room 234
S. Dubuque St
Iowa City, IA
(Park at Tower Place Ramp on Iowa Ave)

Thursday, October 26, 2017

2:00 - 8:30 pm lowa Lakes Community College Room 17 2111 Highway 169 N Algona, IA

Please indicate any special dietary needs on the registration forms. Check-in for the sessions will begin 15 minutes prior to the scheduled start time. Sessions start promptly to ensure we can get through all the material.

All participants are asked to bring a copy of the city's budget (state forms), the annual financial report and your chart of accounts. All other materials will be provided.

Register at: http://bit.ly/ontheroad2017 Seats are limited for each location.

Council Packet

ISU Extension and Outreach is always here to help you! Our webpage, www.oslgp.iastate.edu, has information about upcoming trainings and workshops, and links to data.

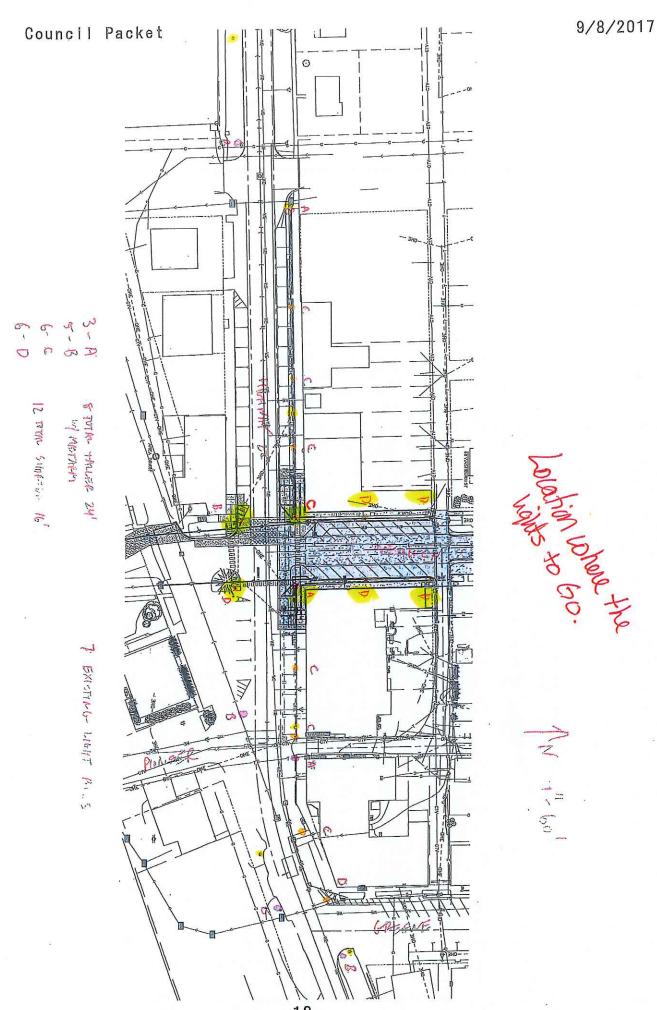

ISU Extension Specialists can also help you with this data as well as answer any variety of other questions you may have or plan a training, like City Finance 101, in your town for employees or elected officials.

I'll see you, On The Road!

Pickering Building Exterior Wall Review RE:

Dear Allen:

Per your request, MMS has made a site visit to the Pickering Building located at $99\,1^{\rm st}$ Street East, to make visual observations of the northern exterior wall. It is our understanding that the City is exploring the option of extending the alley from Washburn Street past the building.

The Pickering Building is located at the corner of 1st Street and Greene Street south of City Hall. The parcel of land between City Hall and the Pickering Building is currently vacant. The adjacent finished grade of the open space varies between approximately 6" to 4' above the finished floor of the building. A concrete retaining wall approximately 4' 8" tall, spans the entire north exterior wall. The majority of the concrete wall cannot be observed from the exterior due to the high grade. The remainder of the wall above finished grade appears to be constructed with a pre-fabricated metal building.

At the time of the visit, the owner granted us access to the interior of the building. The entirety of the interior wall was surfaced with finished gypsum drywall. The wall appeared to be in reasonably good condition with no signs of cracking or bowing being observed. The concrete wall could not be observed from the interior.

At this time we do not have any information regarding the steel reinforcement in the existing concrete and the footing under the wall, assuming a footing exists. Therefore we are unable to make structural calculations to estimate the capacity of the wall. The purposes of such calculations would be to verify the ability of the wall to withstand the earth pressure plus the additional vehicular surcharge loads of the proposed alley. As such we would not recommend building the new alley next to the existing wall in its present form.

One option to mitigate the impact of the alley on the existing building would be to lower grade as much as possible adjacent to the building. This would reduce or eliminate any additional loading on the wall. However, it is likely that a new frost footing would need

1917 S. Gilbert Street Iowa City, Iowa 52240

319.351.8282

mmsconsultants.net mms@mmsconsultants.net

to be constructed adjacent to the existing wall. It is probable that the existing footing elevation is just below the existing finished floor and would not meet current frost depth requirements with a lower grade.

Further investigation is also expected for the City Hall building and foundations. City staff is attempting to locate the plans the City Hall building and we will review them once they are received.

Please feel free to contact me if you have any questions.

Respectfully submitted,

Benjamin T. Mitchell, P.E. MMS Consultants, Inc.

Sent: Friday, September 08, 2017 3:47 PM To: g.meisner@mmsconsultants.net Subject: Riverside Flood Plain Permit

I talked with Kelly Stone, Iowa DNR Floodplain Section, on the phone today. We discussed whether the existing stockpile of dirt at City Park would be able to be permitted or not. He told me that the biggest issue will be whether the pile is located within the floodway of the English River. The flood maps in this area do not show a floodway or any flood elevations. Therefore the DNR will need to make a determination of the floodway width at this location. Depending on the floodway determination, the pile may need to be moved further from the river or out of the park completely.

I asked him whether he thought they would require MMS to do any modeling or extensive study of the river for this. He indicated that the DNR would do the initial study but that it may be possible that they request the City and MMS to provide some more information. I told him that if they required extensive modeling or study that the City would likely move the pile out of the park instead.

We discussed that the City should make a Joint Application for a permit for the pile. Once the permit application is submitted, the DNR will do an evaluation and determine the floodway here and let us know from there what needs to happen. No modeling or study will be required to make the initial application. We can fill out the application and will only need a signature from the City to get it submitted. This could be done next week if needed.

To: 'g.meisner@mmsconsultants.net' **Subject:** Riverside Rd Shoulders

Glen-

By my estimates, the paving of the shoulders from the bridge to River Street accounts for approximately 4.25% of the total length of the project. Thus approximately 4.25% of the \$500,000 in safety money awarded would be available to the city for their portion of the shoulders, which is \$21,250. That dollar amount would be the maximum available for covering of costs associated with the project. Actual dollars to be reimbursement would be whatever portion of the project costs belonged to the city, not to exceed the \$21,250. If things came in under budget, then that would be reflected in what is reimbursed.

Our rough estimate of what we think the costs for the city portion to be are around \$50,000, depending on who does the design work and inspection. We are using federal dollars on the rest of the project, so those requirements will be tied to these safety dollars and the project will have to be let in conjunction with our project at the DOT. In addition, the city would be responsible for maintaining these shoulders for at least 10 years, which shouldn't be an issue since we are talking PCC shoulders.

9/8/2017

Council Packet

An alternative option for the city might be to just rerock the shoulders at a cost of about \$5000, perhaps around \$3000 if it was done with County forces. This all depends on exactly how much rock is needed out there. This rock could even be stabilized with a stabilizing agent, such as Base One or Calcium Chloride to slow the development of edge ruts and reduce the loss of material.

If you need anything else, please let me know.

Thanks

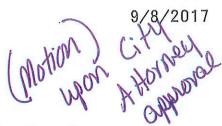

Jacob Thorius, PE Washington County Engineer

Letter of Intent for Development Contract

This Letter of Intent for Development Contract contemplates the sale of land now owned by Yeggy Roetlin Farms, LLC to be developed and purchased by Apex Construction Company. The land covered by this Letter of Intent for Development Contract is located on Tupelo Blvd, Riverside, Iowa and identified by the Washington County Assessors number 04-08-302-010. Yeggy Roetlin Farms, LLC hereinafter called "Seller" and Apex Construction Company, hereinafter called "Buyer" agree to the following concept and transaction framework subject to the approval by both Buyer and Seller of final Agreements to be prepared and approved by lawyers for both Buyer and Seller. Said plan and Agreements shall be specifically re-approved at that time by both Buyer and Seller. The parties agree to the following terms, conditions and concepts relating to the development from agricultural land to a housing development on the subject property.

- 1. Buyer will be the exclusive buyer for this property providing Buyer adheres to this plan and meets certain performance guidelines agreed to by Buyer and Seller.
- 2. The land price will be fixed at but will be paid to Seller after Buyer subdivides and develops the property, builds residences on the property and sells the residences to individual buyers. The payment for land will be taken from closings on homes from Buyer to home buyers and paid to Seller in a pro-rata basis at acre. (If there are 4 homes built per acre, the Buyer will pay the Seller home sale closing for each lot sold and closed to home buyers.)
- 3. This Agreement is subject to the City of Riverside, lowa paving Tupelo Blvd as required, paving interior subdivision streets per a plat to be agreed to by all parties, installing sewer, water and utilities at the expense of the City of Riverside. These improvements may be performed incrementally by the City as demand for housing dictates, so the investment may be made over several years. This specification and timing will be agreed to by the City of Riverside, Buyer and Seller. The Buyer and Seller will not seek additional Tax Increment Financing from the City of Riverside for this project.
- 4. The Buyer agrees to survey and develop this property and to build spec homes and offer spec homes and pre-sale homes for sale with an adequate inventory of homes to match market demand. Buyer will be the only builder on this site, although, they may sell individual lots to other builders at the discretion of the Buyer. The Seller agrees to subordinate land so Buyer may use the land as security for development and construction loans, but Buyer will be personally liable to Seller for the price of land from Seller covered under this Agreement.
- 5. Jeff Edberg, Broker will be the real estate broker for both the incremental land sales from Seller to Buyer and the finished houses from Buyer to home buyers at the standard commission rate of 6%, but will only be paid at closings from the ultimate home buyer for both lot sales from Seller to Buyer and home sales from Buyer to home buyers.

- 6. The City of Riverside Engineer will help develop the initial development, paving, sewer and utility plan as well as the time phasing plan with the Buyer and the Seller. The City of Riverside will employ and pay the City Engineer during this process, but the Buyer will employ and pay their own engineer to perform the other development and construction tasks required of this project.
- 7. The Buyer will be the developer and the Seller will not be required to participate with the day to day part of this project, but the Seller will, an advance, approve the Buyer's overall development plan.
- 8. If this plan is approved by the City of Riverside in concept, the Seller will have a contract prepared and present said contract to the Buyer and the City of Riverside for final approval.

CONCEPT PLAN NORTHEAST GROWTH AREA STUDY RIVERSIDE, IOWA

FINANCIAL PLANNING AGREEMENT

BY AND BETWEEN THE CITY OF RIVERSIDE, IOWA AND NORTHLAND SECURITIES, INC.

ONGOING FINANCIAL PLANNING

This Agreement made and entered into by and between the City of Riverside, Iowa (hereinafter "CITY") and Northland Securities, Inc., of Minneapolis, Minnesota (hereinafter "NSI").

WITNESSETH

WHEREAS, the CITY desires to use the services of NSI for financial planning assistance related to planning for the funding of future capital improvement projects.

WHEREAS, the advice rendered by NSI is intended solely for financial planning purposes. NSI is not providing advice or any recommendation on the timing, terms, structure or similar matters related to a specific bond issue. The financial planning services provided by NSI do not create a relationship, direct or implied, related to the issuance of municipal securities that may result from this planning.

WHEREAS, NSI desires to furnish services to the CITY as hereinafter described.

NOW, THEREFORE, it is agreed by and between the parties as follows:

SERVICES TO BE PROVIDED BY NSI

The proposed scope of work is designed to help city staff manage ongoing strategic financial planning issues included in the basic services below.

BASIC SERVICES

The proposal is based on a core service package with optional services that can be added at the discretion of the CITY. As a part of this core service package, NSI will attend one meeting per quarter including City Council meetings and other meetings with City officials as necessary to carry out the services described below.

TASK 1-URBAN RENEWAL PLANNING PROJECTS

Objectives of the capital improvement planning will include the following:

- Complete analysis of City's Urban Renewal Area
- Identify funding needs based upon the City's planned urban renewal projects.
- Identify funding parameters for urban renewal projects.
- Perform analysis of future expected Tax Increment Revenues.

TASK 2 – DEVELOPMENT AGREEMENT

NSI will work with City officials to answer questions and perform tax increment revenue analysis related to the proposed agreement for the City's new housing development. Services will include:

- Tax Increment Revenue analysis.
- Discussions with City and Bond Counsel related to the creation of the Agreement.

TASK 3 – URBAN RENEWAL REPORTS

NSI will work with City staff to complete the necessary urban renewal reports before the December 1st deadline. NSI expects to be actively involved in completing the reports for two years and consult as needed in future years. The reports include the following:

- Debt Certification report to the County Auditor.
- Urban Renewal Report to be submitted to Iowa Department of Management.

TASK 4 - UPDATING UTILITY RATE STUDY

A utility rate study will include the following:

- Analysis of current rate structure including cash flow analysis.
- Presentation of cash flow analysis and recommendation of rate structure changes as needed to cover operation and maintenance costs, capital improvement cost, and debt service payments.

TASK 5 - UPDATING CAPITAL IMPROVEMENT PLAN

Objectives of the capital improvement planning will include the following:

- Identify funding needs based upon the City's planned projects.
- Perform analysis of future expected revenues including casino revenues and other general revenues of the City.
- Evaluate options for overall capital improvement funding plan by developing scenarios, varying the approach, timing and other key project variables.
- Update long term funding plan for current and future capital improvement projects.

ADDITIONAL SERVICES

The CITY may authorize NSI to provide additional planning services as the projects require. The tasks described in the agreement present the tasks that NSI expects to perform. NSI will provide a written scope of work and budget for all additional services.

COMPENSATION

NSI will provide the services described in this proposal for a lump sum fee of \$1,500 each quarter beginning January 1, 2018. NSI agrees to pay the following expenses from its fee:

Out-of-pocket expenses such as travel, long distance phone, and copy costs.

The City agrees to pay for all other expenses related to the processing of the rate study including, but not limited to, the following:

- City staff expenses.
- Accounting and other related fees.

ASSIGINED NORTHLAND EMPLOYEE

The NSI employee responsible for providing services pursuant to this agreement and for the services performed is Michael Hart.

SUCCESSORS OR ASSIGNS

The terms and provisions of this Agreement are binding upon and inure to the benefit of the CITY and NSI and their successors or assigns.

DISCLAIMER

In performing service under this agreement, NSI is relying on the accuracy of information provided by the CITY and the services provided by NSI are based on current State Law. The parties agree that the Iowa property tax system and other laws may change and may affect the accuracy and validity of services provided by NSI. NSI will perform its work using the best available information. The CITY recognizes and accepts that future growth, property values, tax increment revenues, tax levies and tax rates may vary from the assumptions used by NSI and such changes may affect the work product produced and provided by NSI.

TERM OF THIS AGREEMENT

This Agreement may be terminated by thirty (30) days written notice by either the CITY or NSI. In the event of early termination by the CITY, NSI shall provide the CITY with an itemized statement of services already provided. The agreement shall be in effect for one year.

Dated this	day	of Sep	tember,	2017.

Subject: Homecoming

Troy and Allen:

I am writing to you to let you know that as part of the Highland CSD Community Outreach, we would like to organize a short Homecoming parade and celebration in the cities of Ainsworth and Riverside. This would be conducted during the week of September 29th. At this point we are flexible in what we could do. When I was at Washington, we used to do a little parade in the town of Brighton on Thursday morning of homecoming week at 10:00 a.m. The band would march 4 to 5 blocks down the street and then march back while playing various marching tunes and school song. Brighton would also name an honorary homecoming king and queen and have them ride in a convertible in front of the band.

We are open and flexible in what you want to do. Would you please visit with your city councils and respond back as to a day and or time that would work best to host the homecoming celebration in your communities. Thank you for your past and future support to the school district. This is a chance for us to give back a little.

Sincerely,

Dr. Mike Jorgensen

Recycling Guide for Recycling Bin

Plastics, Metal, Glass and Cardboard in Red Container.

Plastics:

Plastic bottle and dish containers with the recycle emblem #1-7 on bottom.

Containers washed clean and co-mingled in container.

Metal:

Tin and aluminum food and beverage cans.

Containers washed clean and co-mingled in container.

Glass:

Clear, brown, blue and green bottles and jars.

All glass must be washed clean and co-mingled in container.

Cardboard: Corrugated & chip-board cardboard.

All cardboard must be flattened.

Paper:

Newspaper, Magazines, phonebooks, junk-mail, computer paper, envelopes,

Paperback books and hardbound books.

EXAMPLE OF ITEMS THAT ARE NOT RECYCLABLE

Styrofoam products, plastic bags - toys, broken glass, window or mirror glass, tissue paper, Wax paper, wrapping paper, cardboard not broken down, paper plates, toxic oil containers.

ALL RECYCLABLES MUST BE CLEAN!!!!!!

RE: Hazard mitigation plan update

Hi Lory,

Thanks for checking in!

We just need to setup a meeting to review the city's information and make sure everything is still current. It would be good to have you, a council member/mayor or two, whoever handles public works, and someone to represent emergency responders. It can be during the day or evening—whichever works best to get everyone to the meeting. It'll technically be open to the public, but there usually isn't much interest so I need help from you to get the main people I mentioned to attend.

Let me know what you think will work best, and we get something scheduled. I'm hoping to have meetings completed before winter.

Thanks!

Alicia

Project/Program Information:

Airpack Replacement (SCBA'S) 15. Project Title:

271 E. 1st St. 16. Project Address:

17. WCRF Funding Requested:\$70,000.00

\$70,056.00 18. Matching Funds:

(include itemized budget if over \$5,000) \$140,056.00 19. Total Cost (17+18):

20. Anticipated project start: January 1st 2018

21. Anticipated date WCRF funds will be needed: January 1st 2018

Page 2 of 5 October 2017

22. Provide a brief description of the <u>project</u> you are seeking funds for **(10 lines or less).**Please include an explanation of how this proposal will benefit residents of Washington County. You may attach additional pages to describe your project/program in more detail. Additional supporting material may also be submitted.

The funds from this grant will be used to replace our airpacks. This is a critical piece of firefighting equipment since this is what we have to wear in order to operate on a fire scene. This piece of equipment is a firefighters lifeline when operating inside a structure fire. These airpacks are what allow us to go inside a structure fire to save a victims life and property. The current airpacks we have are 20 years old and no longer meet the current NFPA standards for structural firefighting. The new airpacks will bring us up to the current NFPA and safety standards for structural firefighting. The new air packs will have enhanced safety features for the fire fighters along with thermal imaging cameras built into the airpacks which is a tool to help us find and locate victims and fires. These new airpacks will benefit washington county residents by allowing us to go into a fire.

23. Please explain the impact of the WCRF funding in numbers (such as: number of participants or persons impacted, cost per participant, number of units, statistics from past projects, etc.). (10 lines or less)

This project will impact thousands of residents since we respond to calls not only in the Riverside area but also in the surrounding communities in Washington and Johnson counties.

24. In the space below, explain how the project/program will address the Foundation's interest category. (7 lines or less) See WCRF Grant Application Guidelines & Instructions document.

This project will help with economic development in the commuity and help protect the current developments in the community and surrounding areas. These airpacks are a critical piece of firefighting and safety equipment, with out airpacks we cannot engage in interir fire attack. This will help protect our firefighters and the residents of Riverside and surrounding communities.

If your organization is based outside Washington County, are you aware that a Community Foundation in your County receives over \$130,000 annually in gaming funds through lowa's County Endowment Fund Program to distribute as grants and build endowment? Click here to see a PDF report on Iowa's Community Foundations.
Check the boxes that apply: We are aware of the Community Foundation grant opportunities in our County We have applied for grants from the Community Foundation in our County We have received grant funding from the Community Foundation in our County Comments

Page 3 of 5 October 2017

26. List name of matching funding sources and if contribution is projected (P) or confirmed (C). Private donations can generally be grouped together as one line item. Line "A" should show any cash contribution from the Applicant organization. **Do not include "in-kind" (non-cash) contributions in this table**. The "Total Matching Funds" should equal Line 18.

Source of Match Funds	Projected or Confirmed	Confirming letter attached?	Amount
A. (Applicant) City of Riverside	Confirmed	\boxtimes	\$ 60,000
B. Riverside Emergency Services	Confirmed	\bowtie	\$ 10,056
C.	Projected		\$
D.	Projected		\$
E.	Projected		\$
F.	Projected		\$
Total Matching Funds:			\$ 70,000

27. Complete the following budget form. List each work element for the project. To show the source of matching funds, reference the letter (A, B, C, etc.) from the table in Line 26. More than one source (letter) may be entered for a single work element. The Total Matching Fund should equal the amount entered in Line 18. The Total WCRF Funding Request should equal the amount entered in Line 17. If the total project is over \$5,000, please attach a detailed itemization of the expected project expenses.

Work Element	Matching Fund Source (letters)	Matching Fund \$ Amount	WCRF Funding Reguest	Total
1. Air Packs		\$ 70,056	\$ 70,000	\$ 140,056
2.		\$	\$	\$
3.	1	\$	<u> </u>	\$
4.		\$	\$	\$
5.	j	\$	\$	\$
6.		\$	\$	\$
7.		\$	\$	\$
TOTAL		\$ 70,056	\$ 70,000	\$ 140,056

NOTE: The WCRF does not normally fund personnel expenses, except for outside contracted services for specific projects. Personnel expenses include salaries and benefits for full- and part-time employees. Capital expenses include construction or remodeling costs. Equipment expenses include machinery, tools, vehicles, and appliances that are likely to remain in use for more than one year. Supplies refers to items which are consumable

Page 4 of 5 October 2017

28. Explain the source of additional matching funds shown in Questions 25 and 26, and the amounts necessary to complete the project/program. Include cash contributions from all other sources besides the WCRF. If a capital campaign or pledge drive is in progress or planned and shown in Line 25, please provide details about how this effort will be executed. If Foundation funding will be used to leverage other funds that have not yet been committed, please include a detailed description of the process or plan to receive those funds. Explain the anticipated timeline on receiving the matching funds. If necessary, attach an additional sheet. Letters or documentation of confirmed matching funds, on the letterhead of the funding source, must accompany this application.

The additional matching funds will come from the City of Riverside through money they have budget towards this project. The other matching funds will come from the Riverside Emergency Services Association from fundraiser towards new equipment.

- 29. Explain any "in kind" non-cash contributions, if any. Include donated time, labor, materials, etc. Note that these "in kind" contributions <u>should not</u> be included in the matching funds (Line 18) or in the Total Cost of the project (Line 19).
- 30. Has your project been started? If yes what is the status?

 Not yet
- 31. How will the project be affected if it receives less funding from the WCRF or from other anticipated funding sources? (For example, will the project be downsized, will the applicant organization increase its funding to make up the difference, would the project be canceled, would a plan to raise more private donations be implemented, etc.?)

We would have to look at other ways to continue with the project since our current air packs need replaced.

32. Explain how the Washington County Riverboat Foundation will be recognized by your organization for contributing to the project/program. (6 lines or less)

The foundation will be recognized by an article in the local news paper and with a picture and palque dispalyed in our fire station.

Page 5 of 5 October 2017

33. I hereby affirm that this application has been approved by its governing body. All data in this application and supporting material are correct and true. If awarded funds by the WCRF, the Applicant will comply with WCRF guidelines and grant agreement.

Signed:		Date:	
oigilou.	(Signed by Primary Contact from Line 9.)		

To complete the application process,

 E-mail the completed WS Word digital version of the application (without signatures) to wcrf@riverboatfoundation.org.

2. Submit one completed and signed original application, along with one copy of the following (do not attach to the 15 copies) unless you are a school or governmental body:

Resolution authorizing submission from governmental body (if applicable).

✓ IRS Non-Profit Determination letter (for non-governmental organizations)

√ Iowa Secretary of State "Certificate of Standing"

✓ Front page from most recent federal 990 income tax form.

3. Submit **15** complete copies of the application (including any supporting materials such as itemized budget details, project descriptions, maps, letters confirming matching funds, etc.)

4. Submit this application in its original form (no colored paper, plastic covers, folders, or coversheets) <u>Do not</u> reformat this application form. Do not fax the application. Please staple each application.

By 5:00pm on Wednesday, October 4, 2017 to:

Washington County Riverboat Foundation 205 West Main St. Washington, IA 52353 wcrf@riverboatfoundation.org

	20.	Anticipated project start:	Spring 2018

21. Anticipated date WCRF funds will be needed: January 2018

Page 2 of 5 October 2017

22. Provide a brief description of the <u>project</u> you are seeking funds for **(10 lines or less).**Please include an explanation of how this proposal will benefit residents of Washington County. You may attach additional pages to describe your project/program in more detail. Additional supporting material may also be submitted.

The City has purchased a parcel of property next to our current city park, Hall Park. We are seeking funds to construct an enclosed shelter with restrooms & small kitchen. This project will rehabilitate a dipalitated ares, expand our green space and enhance our city park. The shelter will be available to the general public, benefitting our entire community. The shelter will be enhanced with rain gardens for drainage, native plants & trees.

23. Please explain the impact of the WCRF funding in numbers (such as: number of participants or persons impacted, cost per participant, number of units, statistics from past projects, etc.). (10 lines or less)

The current open shelters are used throughout the warm months by our local scout troops, 4-H clubs, Extention Office, YMCA of Washington County. he school often has children walk to the park for picnics, others use them for reunions, parties, fund raisers, ball games & other community events. This enclosed shelter will be availabe all year round. Having this shelter will provide opporunities to strengthen families, bring new people to our community and enhance the quality of life for our citizens.

24. In the space below, explain how the project/program will address the Foundation's interest category. (7 lines or less) See WCRF Grant Application Guidelines & Instructions document.

The City purchased a dilapitated house to rehabilitate the area to create a more viable neighborhood. The Riverside Volunteer Fire Department & Washington County Sherrif's Deaprtment used these buildings as a trianing opportunity. Removing the old house, outbuildings & vegetation will enhance the safety & appearance of our City park area.

If your organization is based outside Washington County, are you aware that a Community Foundation in your County receives over \$130,000 annually in gaming funds through lowa's County Endowment Fund Program to distribute as grants and build endowment? Resolution approved by City Council atached.

29. Explain any "in kind" non-cash contributions, if any. Include donated time, labor, materials, etc. Note that these "in kind" contributions should not be included in the matching funds (Line 18) or in the Total Cost of the project (Line 19).

None

30. Has your project been started? If yes what is the status?

No construction has been started.

31. How will the project be affected if it receives less funding from the WCRF or from other anticipated funding sources? (For example, will the project be downsized, will the applicant organization increase its funding to make up the difference, would the project be canceled, would a plan to raise more private donations be implemented, etc.?)

The City feels this project is very important to rehabilitate this area adjacent to our city park which is heavily used by our community. We are very committed to this project & will continue seeing WCRF funds until completion.

32. Explain how the Washington County Riverboat Foundation will be recognized by your organization for contributing to the project/program. (6 lines or less)

The City will place signage on the building, inside and out. Contact local media for a ribbon cutting ceremony upon completion, photos on our city website and recognition in our monthly news letters.

Page 5 of 5 October 2017

33. I hereby affirm that this application has been approved by its governing body. All data in this application and supporting material are correct and true. If awarded funds by the WCRF, the Applicant will comply with WCRF guidelines and grant agreement.

IOWA VALLEY HABITAT FOR HUMANITY IS BUILDING A HOUSE HERE IN RIVERSIDE!

The City of Riverside has scheduled a build day for September 14th, 2017. The morning work shift is 9:00 AM to Noon and the afternoon work shift is 1:00PM to 4:00PM. If you would like to volunteer, please call City Hall at 319-648-3501 to sign up for a shift.

IOWA VALLEY HABITAT FOR HUMANITY IS BUILDING A HOUSE HERE IN RIVERSIDE!

The City of Riverside has scheduled a build day for September 14th, 2017. The morning work shift is 9:00 AM to Noon and the afternoon work shift is 1:00PM to 4:00PM. If you would like to volunteer, please call City Hall at 319-648-3501 to sign up for a shift

2401 Scott Blvd. lowa City, IA. 52240 ph 319.337.8949

www.iowavalleyhabitat.org

Iowa Valley Habitat for Humanity is going to be building a new home in Riverside this summer with Riverside residents!

Starting in late June or early July, construction will begin on a new home to be located at 131 West Fourth Street here in Riverside. Details on the framing blitz to start the home construction will be available via the Habitat web site (you will be able to sign up electronically for a work shift) and in press releases. The successful Habitat partner family will end up buying the home from Habitat, at cost, and with a subsidized 25-30 year loan. The owner will pay full property taxes and be fully responsible for the on-going maintenance. This is a Hand Up NOT a Hand Out!

Habitat for Humanity has one potential family in the queue but we are continuing to look for additional **QUALIFIED** applicants who meet the following criteria:

- Earnings under 80% of area median income (i.e. family of four needs to be under \$60,000 annually)
- A good credit score
- Does not have more than \$8,000 in debt (not including student loans)
- Willingness to partner with Habitat (250 hours of "sweat equity")
- Currently living in a rental with problems (overcrowding, too expensive, substandard, etc.)
- A resident of the area
