Grass Fires - 1

Car accidents - 1

Total calls - 16 calls for service in December

(Members were again very busy this month responding to all types of calls)

Training:

The members went over the new grass truck that was put into service in December.

RESA

The members are working on a list of projects to fund in 2019.

Other News

The department had officer elections at its December meeting, the people in those positions are as follows. Fire Chief - Chad Smothers, Assistant Chief - Curtis Sexton, Deputy Chief - Toby Hancock, more information on officer roles at annual meeting. The department was awarded a Iowa DNR grant for use on the purchase of the pump and tank on the new grass truck. The amount of the grant was \$3500 with RESA matching \$7,751 for a total project of \$11,251. We have scheduled the meeting for the fire department with Becky to cover the annual report for March 4th, 2019. We will be getting some information together for upcoming budget work sessions.

Thanks

Fire Chief Smothers

Subject: Annexation Comments

Becky-

I am writing to express concern with the City of Riverside's voluntary annexation of the Roetlin Yeggy Farms, LLC between Tulip Avenue and Tupelo Boulevard north of Riverside. As I understand it, this annexation is at the request of Yeggy-Roetlin Farms, LLC and Apex Development Group, LLC for a future mixed and multi-family residential development. While I have no issues with the development occurring and I am grateful for the foresight and planning the developers and City have put into this project to encourage growth within the City of Riverside, I do have concerns with how the roads on the east and west side of this annexation will be maintained.

My department is responsible for maintaining the County's roads. To fund those maintenance operations, we receive a portion of the property tax paid by every parcel in the County and we receive a portion of the state gas tax, based on the classification and number of miles of road under our jurisdiction. Since these stretches of road will fall in the City of Riverside, once the annexation is complete, my department would no longer be receiving funding to maintain them. So, as part of my responsibility to the Board and citizens of Washington County, my department will no longer be responsible for maintaining those stretches of road after the annexation is completed. With that said, I will leave it up to the City Council and the Washington County Board of Supervisors to determine if they would like to enter into a 28E agreement that would spell out how those roads may continue to be maintained by Washington County, at least until they are paved. This type of discussion is something I believe needs to happen despite this specific annexation, as there are other stretches of road along the City's fringes the County is assisting with maintenance.

As part of this annexation, I am requesting the City of Riverside specifically notify the Washington County Secondary Roads Department when the annexation is finalized.

If you have any questions and/or would like to discuss this further, please contact me.

Thank you for this opportunity to express my concerns.

Sincerely,

Jacob Thorius, PE

I'm agreeable to that

J&L is asking if they can have closeout on a portion of the project and release of some of the retainage. There are a few items remaining on the punch list that probably will need to wait until spring, the big thing being repairing sod and topsoil in several areas. But there are a few other minor things as well.

There is almost \$100,000 in retainage. What would you think about doing a partial acceptance of the project and releasing all but like \$20,000 of the retainage? We can itemize the remaining punch list items and have that list in a document that outlines the partial acceptance and the Council would then approve that partial acceptance.

I am thinking maybe we have a normal pay request at this upcoming meeting but then have this partial acceptance at the second meeting in January.

Let me know if you think that would work.

What all do we have for this meeting?

I have a pay request for J&L I will send on Wednesday. Are the Northern Heights items ready to go? Is there anything you need from me for them?

Is there anything on the Tupelo and SRTS project we need to discuss? Do we need to talk about that intersection again?

See attached exhibit. Sorry it is kind of messy but I tried to highlight the important stuff. I would like to talk about sidewalk alignment once more if we have time for that. I show the sidewalk (in pink) angled out toward the street (edge of pavement/back of curb in orange) through the two driveways where the garages are close to the existing sidewalk. I stayed 5' from the back of curb, which is similar to the way Buckeye is per our discussion at the work session. The one garage has only about 17 feet between the sidewalk and the garage at the north end. Otherwise the other dimensions are all more than 20' and a car can park between the sidewalk and garage without blocking the sidewalk.

The other thing in the exhibit is there is a gravel parking area shown in yellow. In past projects we have eliminated these and encouraged parking on the street. Will parking be allowed on this street? If not, do we want to try and replace this gravel parking area somehow?

Let me know if there is anything else I need to be providing for this meeting.

Allen Schneider
Mayor
City of Riverside, Iowa
60 N Greene Street
Riverside, IA 52327

Dear Mr. Schneider:

Due to extenuating circumstances, our family will be leaving the state of Iowa and returning to Florida. We have placed on offer on a home and the owner accepted. I have recently accepted a position at another company so I am writing today to offer my formal notice that I will be leaving my job as Deputy City Clerk. My last day of employment with the City of Riverside will be January 31, 2019.

I have enjoyed my time with the City of Riverside and I thank you for all of your help and guidance over the past few months. Please let me know if I can be of assistance during this transition.

Sincerely,

Heather R. Cornett
