This meeting is open to the public. However, due to recent directive from Governor Reynolds to increase social distancing, we encourage the public to submit their comments in advance. Comments can be submitted by email to admin@cityofriversideiowa.com or by phone to 319- 648-3501. Written comments may also be left in the City Hall drop box up to the start of the meeting. Members of the public who want to attend in person may be asked to make accommodations to conform to social distancing guidelines as best we can. The meeting will be recorded and can be viewed by visiting the city web site at www.riversideiowa.gov.

COUNCIL PACKET

RIVERSIDE CITY COUNCIL MEETING: August 3, 2020

The Riverside City Council meeting opened at 6:00 pm at the Fire Station with Mayor Allen Schneider requesting roll call. Council members present were: Andy Rodgers, Edgar McGuire, Lois Schneider, Jeanine Redlinger and Tom Sexton.

Motion by Sexton to approve agenda. Second by Rodgers, passed 5-0.

Sexton moved to approve the minutes of July 20th, 2020, and expenditures. Second by Redlinger, passed 5-0.

Bill Stuke, PeopleService, Inc. presented Jetco quote for repairs to VFD pump at Well 8. Rodgers moved to approve repair quote from Jetco at a cost of \$9175.00. Second by Redlinger, passed 5-0.

Scott Pottorff, MMS Consultants reported that all items were completed from final Northern Heights punch list on July 23, 2020.

Pottorff explained 4th street change orders. Contractor has used 55 of the 75 allotted construction days to date.

Rodgers moved to pass Resolution #080320-01, Change Order #3 to J&L Construction on the 4th Street project in the amount of \$3500.00 for SW-507 intake not on bid form. Second by Redlinger, passed 5-0.

Sexton moved to pass Resolution #080320-02, Change Order #4 to J&L Construction on the 4th Street project in the amount of \$2830.00 for lowering sewer services that were in conflict with the work. Second by Redlinger, passed 5-0.

McGuire moved to pass Resolution #080320-03, Change Order #5 to J&L Construction on the 4th Street project in the amount of \$715.00 for granular trench backfill material for water main extended under Greene Street. Second by Schneider, passed 5-0.

Safe Route to School Project is ready for sod. Pottorff is in contact with DOT on a sodding date exception. City may have to pay for extra watering if they sod before September 1st.

Council discussed park improvements. City will schedule meeting with interested citizens to gain input on preferences.

Redlinger moved to pass Resolution #080320-04, Approving Professional Services Agreement with MMS for a Parks Capital Improvement Master Plan. Second by Schneider, passed 4-1
Sexton opposed.

Rodgers moved to pass Resolution #080320-05, Approving release of retainage to Triple B Construction for the HWY 22 project in the amount of \$5245.50. Second by Schneider, passed 5-0. Payment includes a \$2400.00 credit for seeding repairs on Galileo Drive.

COUNCIL PACKET

Nesper Sign, of Cedar Rapids, reported that phone modem to the electronic City Sign was not repairable. McGuire moved to accept proposal from Nesper Sign Advertising, Inc. to convert existing sign to 4G broadband at a quote of \$3200.00. Second by Schneider, passed 5-0.

Kevin Rodgers, RACC president addressed council on holding a Demo Derby on Saturday, October 3, 2020 in Hall Park. Sexton moved to approve use of city Park for Demo Derby. Second by McGuire, passed 4-1 Redlinger opposed. Mayor noted that it may be rescinded if COVID-19 restrictions are reinstated by Governor.

Sexton moved to open Public Hearing for Codification of updates to City Code of Ordinances at 7:06 p.m. Second by Rodgers, passed 5-0. Yancey reviewed corrections for 2nd Reading. There were no other written or oral comments from the public. Schneider moved to close Public Hearing at 7:12 p.m. Second by McGuire, passed 5-0.

Rodgers moved to pass 1st reading of Ordinance #080320-06, Accepting Code of Ordinance for the City of Riverside with noted changes. Second by McGuire, passed 5-0. 2nd Reading will be August 17th, 2020.

Yancey discussed updates to water billing, late fees, and disconnection notices policy.

Sexton moved to pass Resolution #080320-07, Approving Water Billing Policy. Second by McGuire, passed 5-0.

Council reviewed the final guidelines and policies of the Residential Community Beautification Incentive Program. Residents can apply for a grant up to \$2500, in a 2 to1 match, of expenses to restore or rehabilitate dwelling. Grant application is available at City Hall and on City website.

Yancey advised that the rate of 2.00% interest has been added to Resolution #072020-03, Authorizing Internal Advance for Funding of Economic Development Grant.

Sexton moved to approve Residential Grant program. Second by Rodgers, passed 5-0.

Kevin Meller, of RACC addressed Council on use of Hall Park for free family meal and movie night on August 15, 2020. McGuire moved to authorize \$600 of the Park grant of Hotel/Motel Funds for the movie event. Second by Schneider, passed 3-1 Redlinger opposed, Sexton abstained.

Redlinger moved to adjourn at 7:53 pm. Second by Rodgers, passed 5-0

COUNCIL PACKET

Date: August 13, 2020

To: Riverside Council

From: Bill Stukey, Operator

O & M Report: July 2020

Water Operation & Maintenance

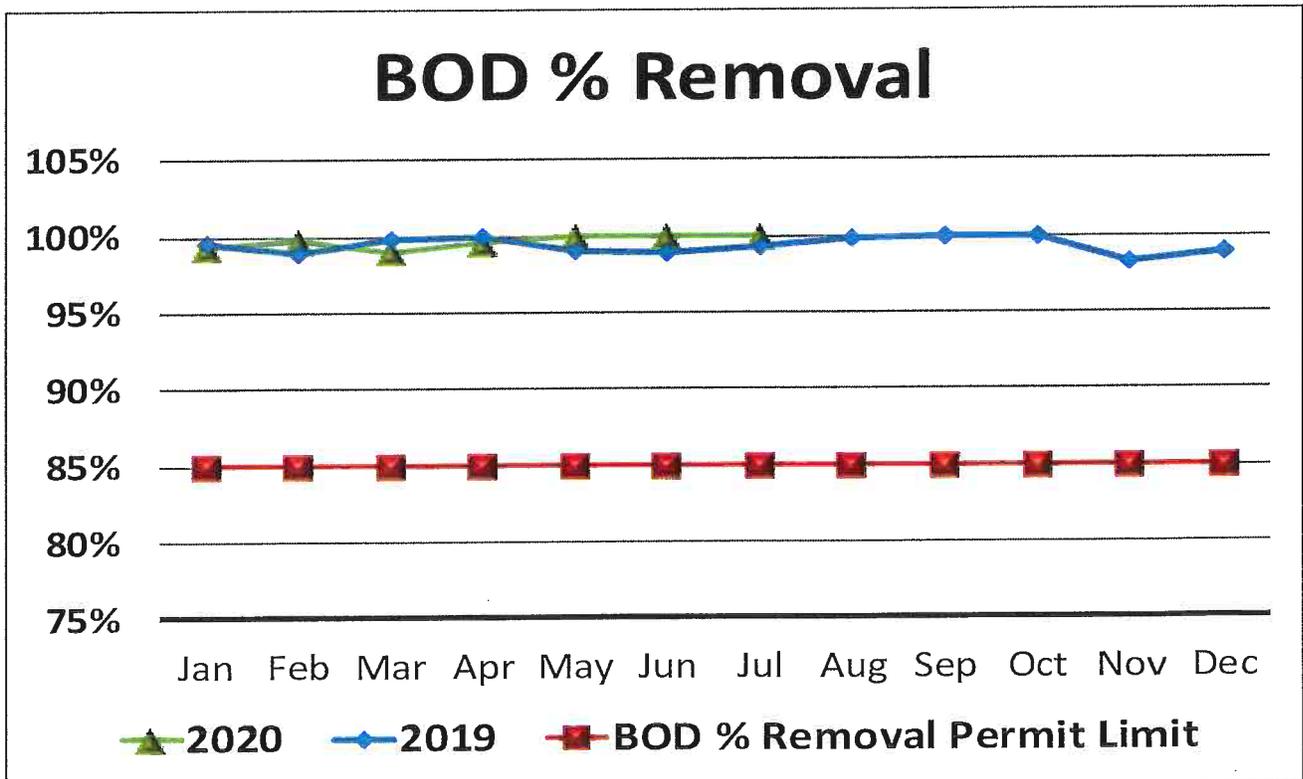

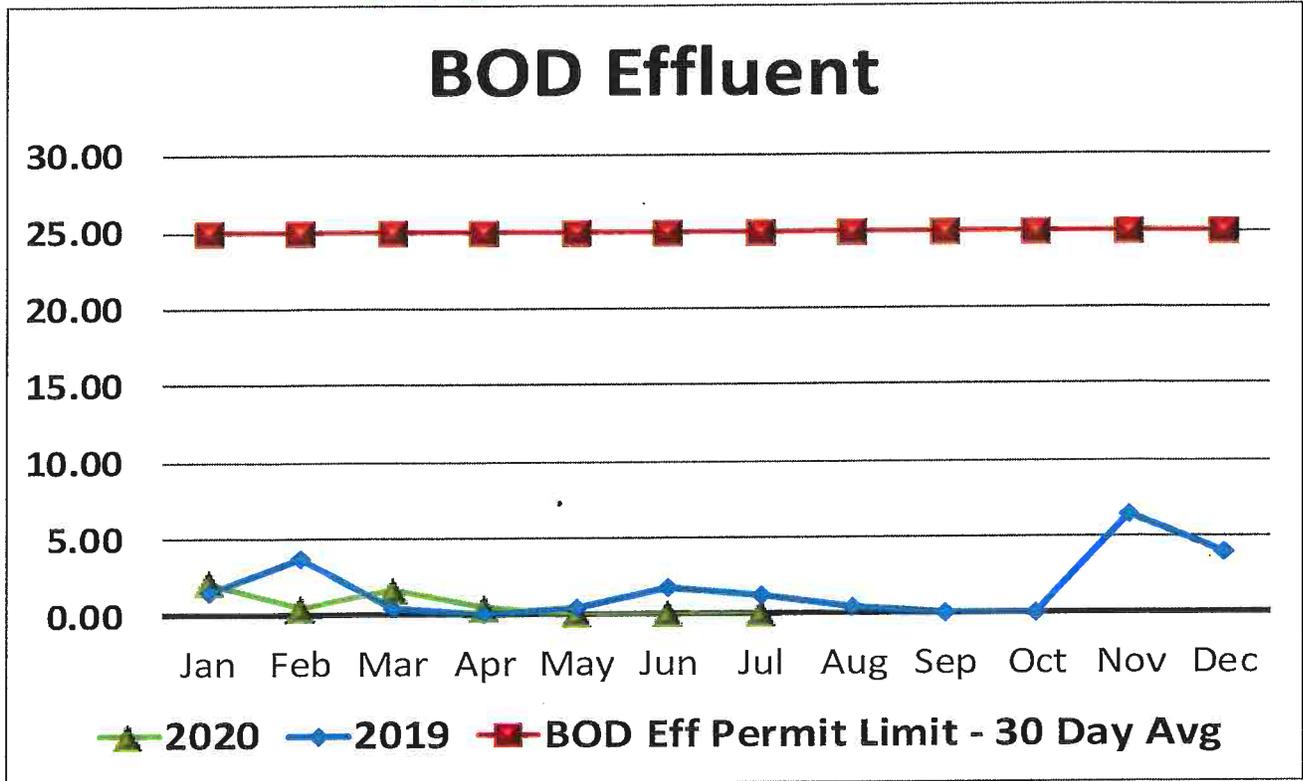

- Jetco came to look at a VFD for RO skid #3. The VFD was running at 12hrz then shutting down. They found the VFD to be bad and will be providing a quote to replace.
- TTHM samples were collected and have passed. We are required to collect these samples for disinfection byproducts every year in July.
- 43 locates, all complete
- 15 door postings, 0 disconnects.

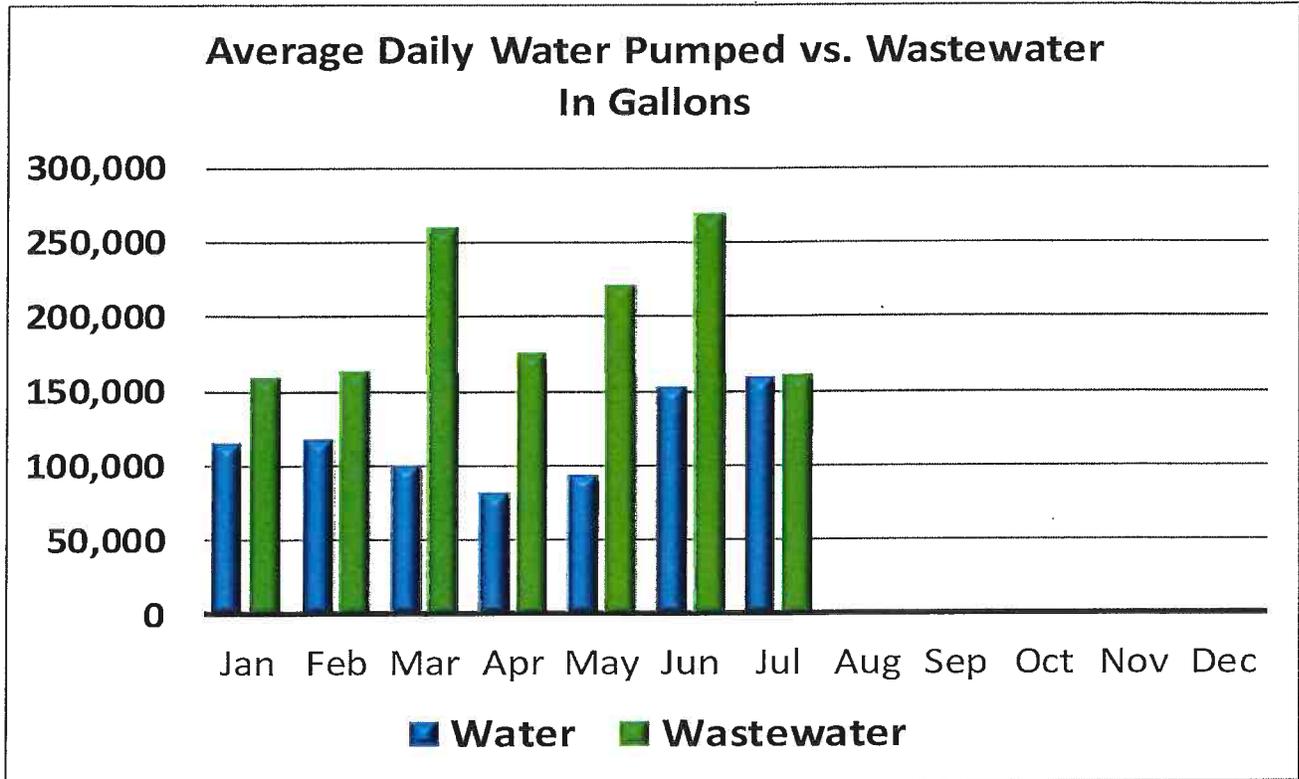

Wastewater Operation & Maintenance

- I had several callouts to lift station 1 for control panel failure. The breaker that runs the level controller would trip causing the pumps to not run. I had Electric Pump look at this and they believe there is an issue within the VFD for pump 2 causing the breaker to trip. They are going to pull the VFD and replace the fan.
- We have spent a lot of time this month conducting manhole inspections and documentation. We are uploading this information into Diamond Maps for record keeping.

July 2020 Update

Calls for Service:

Medicals - 20
Structure Fires – 2
Motor Vehicle Accidents – 2
Carbon Monoxide Alarm – 1

Total calls – 25 calls for service in July

RFD responded to a mix of calls for the month of July, the call volume has picked back up since the start of COVID.

Training:

The members trained on pump operations from a fire hydrant, drafting and rely pumping.

RESA:

The pancake breakfast was cancelled due to COVID-19 and will be rescheduled for 2021. The members are looking into if we will even be able to have our raffle dinner in the fall, its looking like we will have to cancel it also.

Other News

The department is working through changes with the new county ambulance service and response times for July will be coming from Deputy Chief Hancock. The department is still working on some new members to fill openings. There continues to be work on the new radio system which we're excited to start using. We are working with dispatch on paging issues on the old system, unfortunately not much can be fixed so we have them page us multiple times as the first page does not seem to come through all the time.

“WE”RE STILL HERE AND READY TO RESPOND”

Thanks
Fire Chief Smothers

Guidance for Concession Stands, Temporary Food Events, and Farmers Markets During COVID-19

Updated July 24, 2020

COVID-19 continues to spread in Iowa communities. All Iowa civic, business, community, and veteran's organizations have a responsibility to take measures to prevent the spread of COVID-19. It is critical that event sponsors institute immediate measures to prevent the spread of COVID-19 among their staff, vendors, and event attendees. Event and market sponsors **must ensure the mandatory requirements** put forth by the [Governor's Proclamation of Disaster Emergency issued on July 24, 2020](#), are in place and enforced. Any social, community, recreational, leisure, and sporting gatherings and events including but not limited to parades, festivals, farmers markets, auctions, conventions, or fundraisers of more than 10 people that do not comply with these requirements shall continue to be prohibited at all locations and venues.

Event sponsors shall:

- Ensure there is six feet of distance between groups and individuals attending alone.
- Implement reasonable measures for the circumstances of each gathering to ensure social distancing of gathering participants, increased hygiene practices, and other public health measures to reduce the risk of transmission of COVID-19.

Additionally, the Iowa Department of Inspections and Appeals and the Iowa Department of Public Health **strongly recommend that each event sponsor draft a COVID-19 mitigation plan**. For events (other than farmers markets) planned with more than 10 food vendors, the event sponsor is encouraged to submit this COVID-19 mitigation plan along with the required event application. The plan should include (1) What rules will be in place during the event, and (2) Who will be responsible for monitoring and enforcing these rules. **At a minimum**, the mitigation plan should contain details about and the event should adhere to the following rules:

- Require event staff and vendors to wear masks;
- Encourage event attendees to wear masks;
- Designate an appropriate amount of staff to monitor and enforce established rules;
- Post signage at all entrances, prohibiting anyone who has had a fever in the previous three days, been ill, or is visibly showing signs of illness (e.g., coughing or sneezing) from entering the space;
- Post signage at entrances/exits, instructing all staff, vendors, and attendees to practice social distancing, cover coughs and sneezes, and wash hands or use sanitizer often;
- Designate with signage, tape, or by other means appropriate social distancing spacing for event staff and attendees, including those waiting to enter the event;
- Notify event attendees through signage to report concerns of social distancing infractions to the event staff;
- Control entry points;
- Screen event staff, vendors, and attendees for COVID-19 symptoms, and immediately prevent anyone with symptoms from entering;
- Train event and vendor staff on employee safety, emphasizing employee health, handwashing, and hygiene practices;

COUNCIL PACKET

- Ensure vendors only allow necessary workers in food stands, and prohibit individuals not directly involved in food preparation or sales;
- Prohibit vendors from offering self-service of food and condiments;
- Provide easy-to-access handwashing and hand-sanitizing stations for vendor and customer use;
- If necessary, restock restrooms with handwashing supplies frequently, including soap and paper towels;
- Ensure at least six feet between each vendor booth, including equipment and storage areas;
- Clean and sanitize vendor surfaces frequently;
- Disinfect high-touch surfaces including but not limited to restroom doors/handles, handrails, and garbage can lids at least every hour; and
- To the extent possible, utilize mobile ordering and touchless pay options.

Additionally, if event sponsors or vendors have any alcohol-related inquiries, they may contact the [Iowa Alcoholic Beverages Division](#).

All Iowans have a responsibility to mitigate the impact of this public health crisis. If your event cannot abide by these measures, **please cancel or postpone your event** until such time these guidelines can be enacted or are no longer necessary to protect public health.

Concession Stand-Specific Guidance

- Concession stands, including those at non-school related sporting activities, are allowed to operate under the same provisions as a restaurant or a bar. This includes concession stands licensed as Temporary Food Establishments and Mobile Food Units providing concessions.
- Concession stands that are located on school property are **not allowed** to operate at this time. This includes concessions operated by an entity which independently holds a food establishment license separate from the school's food license (e.g., a school booster organization or other independent contractor). This also includes concession stands licensed as Temporary Food Establishments and Mobile Food Units providing concessions.
- Concession stands at private or professional facilities located off of school property that are used to host high school athletic events are allowed to operate under the same provisions as a restaurant or a bar. This includes concession stands licensed as Temporary Food Establishments and Mobile Food Units providing concessions.

For additional information and guidance on school-related concessions, please review the [COVID-19 Reopening Guidance: Summer Sports](#) and [COVID-19 Guidance: Use of School Facilities](#) provided by the Iowa Department of Education.

Please let us know if we need to be at the meeting, or any other meeting going forward. I know we missed the last RACC meeting as we didnt find out about it until an hour before hand.

Thanks!

Subject: Re: FW: another Riverside event

Hello!

Initially we had told vendors wearing a facemask was HIGHLY recommended but after going through the Iowa guidelines for markets and events we will be following this:

<https://dia.iowa.gov/sites/default/files/documents/2020/07/dia-guidance-for-concession-stands-temporary-food-events-farmers-markets.pdf>

COUNCIL PACKET

However we will not be marking entrance and exit points to the park as we will be using the entire park to maximize social distancing. We will be providing sanitizer stations throughout the park and have signs for customers that encourage mask use like it says in the guidelines.

I would like to get this new procedure sent out to our vendors this week so let me know if this will be acceptable!

Thank you,

Abigail LaRoche + Ashlee Fisher

COUNCIL PACKET

Hi,

I am so thankful I can reach out to both of you during this crazy time. Thanks Marissa for the standing sanitizer station. It is already up and being used!

There is an event coming up in Hall Park called Shop the Park to be held 9/13. They have 20-25 local small vendors, like Pampered Chef, etc. who will each set up their own table areas to showcase what they have for sale. The park is big enough to spread out more than 6'. Any recommendations other than the masks and social distancing? Since this is only the second year they have held it, it would be hard to for this type of event to keep it to 50%.

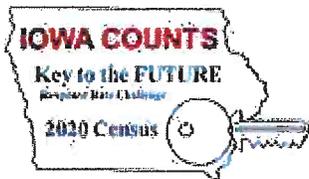

Looking forward to your input.

COUNCIL PACKET

Recommendations for COVID-19 infections associated with baseball & softball teams

The COVID-19 Pandemic is ongoing and the COVID-19 virus is circulating in all Iowa communities. All players, parents, coaches, school administrators, sports associations and tournament directors/organizers have a responsibility to take measures to prevent the spread of COVID-19. The Iowa Department of Public Health (IDPH) strongly recommends that all sports teams adhere to the following guidance.

HEALTH MONITORING: Players and coaches who are part of a high-risk population should not participate in group activities. Fever and symptom monitoring should occur prior to starting any practice or game. All players and coaches should also be asked whether they have been in close contact with a sick person or confirmed COVID-19 case.

ILL PLAYERS OR COACHES: All players and coaches who have had an exposure or who have a fever, cough, or difficulty breathing should be immediately sent home and instructed to contact their healthcare provider. COVID-19 testing is highly encouraged in symptomatic players and coaches to better inform the potential exposure of teammates and coaching staff. Testing is also recommended for persons who have been in close contact with a confirmed case.

Players and coaching staff either testing positive for COVID-19 infection or who are symptomatic but not tested for COVID-19 infection should be excluded until the following criteria are met:

- 10 days after their illness starts AND
- 3 days since their fever resolved (without fever reducing medications) AND
- all other symptoms have improved.

Players and coaching staff testing negative for COVID-19 infection and who are NOT a close contact of a confirmed case can return to normal activities 24 hours after their fever and other symptoms have resolved.

Players and coaching staff testing negative for COVID-19 infection and who ARE close contacts of a confirmed case should continue to self-quarantine until 14 days after their last exposure to the confirmed cases.

WHEN CAN PEOPLE PASS COVID-19 TO OTHERS: COVID-19 infected people can pass it to others from 48 hours before they get sick (symptomatic) until 10 days after they get sick.

If people test positive for COVID-19 infection and never get sick (asymptomatic), assume that they could pass it to others from 10 days before they were tested until 10 days after they were tested.

TEAM EXPOSURES: Coaches are expected to fully cooperate with public health investigations of persons testing positive for COVID-19. All teammates and coaches who have been within 6 feet of the person testing positive for COVID-19 for more than 15 minutes, should self-isolate for 14 days after their last exposure. Exposed players and coaches should not be at practices or games during the 14 day period of self-isolation.

EXPOSURES TO OPPOSING TEAMS: If a player or coach tests positive for COVID-19, all opposing teams (for games played during the time when the infected person could have passed COVID-19 to others) should be notified. Players and coaches on the opposing team should continue to self monitor for COVID-19 symptoms. Close contact (within 6 feet for 15 minutes) between opposing teams is infrequent in baseball and softball, therefore unless there are extenuating circumstances, the opposing team and coaching staff can continue with daily activities without restriction as long as they remain symptom free.

This guidance supplements the previously released recommendations of the Iowa Department of Education, available at: <https://www.iahsaa.org/wp-content/uploads/2020/05/Iowa-DE-Guidance-Summer-Sports-5.20.20.pdf>

All players, coaching staff, officials and spectators are encouraged to follow public health social distancing recommendations and practice frequent hand washing. For additional information about COVID-19 visit: <https://idph.iowa.gov/Emerging-Health-Issues/Novel-Coronavirus> or <https://coronavirus.iowa.gov/>

COUNCIL PACKET

RESOLUTION #080320-07

RESOLUTION APPROVING WATER BILLING, LATE FEES, DISCONNECTION NOTICES AND DISCONNECTION POLICY

WHEREAS, The Riverside City Council is in full support of establishing a formal, written policy which function involves the process for water billing, late fees, disconnection notices as well as disconnection in accordance with procedures outlined in the City of Riverside Code of Ordinances Chapter 92.

WHEREAS, The intent of this policy is to provide a uniform procedure for the billing and collection of city utilities, in accordance with City of Riverside Code of Ordinances Chapter 92.

Water Billing, Late Fees, Disconnect Procedures

- Bills processed on or before the first day of the month.
- Bills due 15th of each month
- Clerk runs the delinquent account report once all payments have been processed through the accounting system. Bills not paid shall be considered delinquent.
- 10% late penalty applied for delinquent accounts.
- Disconnect notices mailed by normal mail by the 16th of the month, which shall include the final date before shut-off. Late notices mailed include the 10% penalty.
- Door hangers placed noting disconnection five days from the due date-placed on doors by PeopleService. All accounts with a balance of \$25.00 and up will receive a door hanger. **Final notice door hanging fee is \$25.00** Notice of right to a hearing to file an appeal with the Clerk will be included with the notice. If the account holder disagrees with the findings of the clerk, they may appeal to the City Council.
- City Clerk may work with delinquent accounts to set up pay arrangements. All payment arrangements need to be in writing, signed by the resident and city clerk, and reviewed and approved by the City Administrator. Failure to pay as outlined in the payment agreement makes the address eligible for shut off without notice.
- Once an account is shut off, there is a \$75.00 reconnect fee during normal business hours, \$95.00 outside of normal business hours.

BE IT HERBY RESOLVED that the Riverside City Council has determined it is important to have a Written Policy for Water Billing, Late Fees, and Disconnection, included in this Resolution.

Motion made by Sexton, seconded by McGuire that the foregoing Resolution be adopted.

Roll Call: Schneider, Sexton, Redlinger, Rodgers, McGuire

AYE: Schneider, Sexton, Rogers, Redlinger, McGuire

COUNCIL PACKET

ORDINANCE #080320-06

RESOLUTION ACCEPTING THE CODE OF ORDINANCE FOR
THE CITY OF RIVERSIDE IOWA

Whereas, the City Council of the City of Riverside, Iowa held a public hearing for the purpose of receiving input and suggestions from the general public concerning the City's Code of Ordinance Updates. An ordinance is intended to provide reasonable rules and regulations for the community, to protect the health, safety and welfare of the general public. The Public Hearing was held during the City Council meeting on Monday, August 3, 2020, which started at 6:00 p.m. in the Riverside Fire Station.

Therefore, be it resolved the City of Riverside City Council does hereby pass the first reading of the Code of Ordinance #080320-06, City Code for the City of Riverside, Iowa.

It was moved by Councilperson , Rodgers seconded by Councilperson McGuire, to pass 1st reading of foregoing ordinance..

ATTN: Bill Stukeney

-PROPOSAL-

AES proposes the following:

- Rework electrical meter and service entrance feeder to new ATS
- Install new concrete generator pad approximately 20ft west of south west corner of the building
- Install new underground conduits and wires to connect the new generator to ATS and load centers
- Install new NG service to generator
- Rework existing grounding system to new ATS
- Generator is a 50kW Rated Generac 6.8L V-10 (specs on the next page)
- Seeding of excavated area
- Permit

Excludes: relocation of existing electrical components beyond scope above, modification of existing gas service beyond connection for generator, bonds, fees, dues, allowances, temp power for switch over (approximately 1 day),

Total \$54,000.00

Should you have any questions or concerns please contact me. My cell is 563-343-3021 and my email is SMaxwell@AdvancedElectrical.com. We thank you for this opportunity to provide you with this proposal and look forward to working with you!

Thank You!

Shawn Maxwell

Additional Terms

Proposal pricing is valid for 30 days, and is based on the daily market rate for goods and commodities reflected by the date of the proposal. *Advanced Electrical Services, Inc.* reserves the right to increase proposal price to reflect the market rates (if applicable) IF NOT accepted within the 30 day period. Payments are due 30 days from the invoice date. A monthly finance charge of 1.5%, if not paid within 30 days of invoice date will be applied. Customer will be responsible for all costs, including court & attorney fees, incurred by *Advanced Electrical Services, Inc.* in the collection of customer's past due amount.

PROPOSAL

Customer: City of Riverside Iowa
Project Name: Generator Set Package – City Hall

7-20-2020

Altorfer Power Systems appreciates your interest in Caterpillar power generation equipment and the opportunity to work with you on this project. This proposal includes the standard accessories and are provided per Sourcwell (NJPA) contract #120617-CAT. This should already meet the requirements for a competitive public bid in the State of Iowa.

Per our discussions here is some good general information regarding Sourcwell:

- Sourcwell is a government agency, created by State statute, with a publicly elected board. Its sole purpose is to provide contract purchasing solutions to serve government and non-profit agencies – government serving government.
- Sourcwell does not eliminate the bid process, instead it satisfies the agency's requirements for competitive bidding.
- Caterpillar was awarded the Sourcwell Contract #120617-CAT
- Please see copy of State of Iowa Statutes.
- For more information please see www.sourcwell-mn.gov

Sourcewell (NJPA) contract #120617-CAT for these products and services:

- One (1) new Caterpillar engine generator set, 120/240Volt, 1-Phase, 60 Hz, 1800 RPM, equipped per attached bill of materials.
- Weatherproof / Sound attenuated enclosure
- UL 142 diesel storage base tank, 136 gallon – diesel option only
Capacity at 100% load = 26 hours. Capacity at 75% load = 30.4 hours
- Two-year standard Caterpillar warranty
- One (1) new automatic transfer switch, service entrance rated, 200A, open transition, 3 pole, including: Test switch, In-phase monitor for motor load transfer, Manual bypass of transfer to normal TD, ATS switch position indicating lights, Provisions for remote transfer contact (peak shave/test), with automatic bypass (retransfer) if emergency fails, and normal is acceptable, UL Type 3R Enclosure with strip heater wired to load terminals
- Start-up and On-site Resistive Load Bank Testing Services
- Includes installation services defined per the attached proposal from Neumiller Electric

Please review the following bill of materials, terms and conditions, and pricing. Feel free to contact us with questions or for any changes that may be needed to meet the scope of the project as you understand it.

Sincerely,

David Allan Harris
Power Sales Group.

See below and attached.

At first I thought this seemed high. The total cost of the sod in the bid is \$18,900. I am guessing they feel like it is a risk installing in August and want to be covered in case some of it doesn't stay alive, even with additional watering.

I still think this is probably the way to go and still waiting for direction from DOT.

Subject: Re: Riverside Safe Routes to School

Scott,
Here is the change request for the sod watering for installing early.

A quick explanation from Stevens' email:

"I included a price to water four times after our original 6 mobilizations. The dot spec reads you can put down up to a maximum of 100 gallons of water per square of sod installed, I estimated it would only take 55.5 gallons per square.

After the 10 watering's I would rely on the City or MMS to tell us when they would like us to water, August can be challenging for sod but we live in Iowa so who knows."

Let me know if you have any questions, thanks.

A few items:

After discussions with the City, we would like to have the sod installed as soon as we can and not wait for September 1 as the DOT Spec outlines. The City is willing to pay for an extended maintenance period and additional watering (maybe like 3-4 more waterings and 15-20 more days of maintenance) above and beyond the 6 waterings and 30 days maintenance period outlined in the DOT Specs. Can you please provide a price for the extended maintenance period? Also we can suspend working days for a period of time if needed to get the sod scheduled. We are hoping that it can be done sometime next week at the latest.

The home owner at 299 Sycamore Street requested to have 2-3" clean rock on engineering fabric around the beehive in front of his house instead of sod for ease of maintenance. The area is approximately 9'x9'. We would figure on rock about 4-6" thick in this area. Can you provide a price to complete this work for the City to consider?

The beehive in front of 631 Ash Street is sitting low and needs to be adjusted up. I talked with the guys on site about this and we need to get something figured out before sod is laid. We put a stake next to this structure with a rim elevation marked on the lath. We need to raise it about 9 inches. MMS will pay All American directly for this adjustment. 3 other beehives were adjusted up similarly by Cornerstone this spring so they can be reviewed for how it has previously been done.

A few cracked panels have been removed today and will be replaced. There are some additional sidewalks and curbs that have chips out of them from equipment. We discussed on site repairing these chips when the replaced panels get poured with concrete/paste from the concrete used for those pours.

I will be sending Working Days Reports for the past two weeks out this afternoon.

I have concrete tickets but need rock tickets for the rock brought on to the project.

Feel free to contact me with any questions.

Scott-
DOT specs allow the contractor to install sod outside the recommended dates at the engineer's discretion.

2601.03,G,3,c: Do not place sod between May 31 and September 1, or on frozen ground unless otherwise directed by the Engineer.

By placing the sod outside the window, the City is taking a risk the sod won't take and will have to pay the contractor to place it again.

If you want watering above and beyond what the DOT specs require, there is a watering item you can add by change order (you are correct that it would be non-participating). Kurt didn't think an extra maintenance period beyond what is listed in the specs would be allowed.

The City would prefer to install sod right away and not deal with any kind of temporary stabilization. The contractor has offered a price for extended watering and maintenance period. My thought is that it may be non-participating and I am not sure what the bid item would be for something like that.

We have sod on the project. DOT Spec says not to place sod between May 31 and September 1. Do we suspend working days until September 1 for this project? How is that typically handled? Would we then need stabilization mulching or seeding to comply with NPDES permit?

COUNCIL PACKET

"STORM DEBRIS COLLECTION NEXT WEEK"

The City of Riverside will be collecting storm-related tree branches curbside. All material must be placed in the City ROW by 6:00 a.m. Tuesday morning.

Guidelines for collection:

Tree branches must be placed on the City right-of-way parallel to the curb. There will not be any pickup of branches on private property.

Branches can be no bigger than 6" in diameter or longer than 6' in length.

Tree branches should not be placed in close proximity to tire hydrants, mailboxes or utilities.

No tree material from work completed by private contractors will be picked up.
